**Notes:**

All under 7s matches are Development Matches. Most under 8s, 9s and 10s matches are also Development Matches although there are a number of competitions throughout the season.

Development Matches have no league tables, or cups

Under 11 Duration can be 2 x 30 mins for competitive matches or 4 x 15 for development matches. Check with each manager before KO

Use of Subs Rolling subs are now used in ALL youth football.

Passbacks The basic law of football still applies: passbacks to the goalkeeper are NOT allowed at any age. However, the passback must be intentional to constitute an offence.

Throw-ins In Development Matches, players should attempt normal throws, and be given a second chance. At Under 7 If the second attempt is also very bad then that player may roll the ball in under-arm.

In Development Matches, the throw should NEVER be awarded to the other team.

In competitive under 9s and 10s matches a player should be given a second chance. If the second throw is a foul throw, then the throw goes to the other team.

Retreat Line In all mini-soccer matches (under 7s to under 10s), when there is a goal kick the players from the opposing team must retreat to the half-way line until the kick has been taken.

Goal Kick At all ages, goal kicks must now be taken normally, i.e. kicked from the ground.
