

**Misleading and false statements published on the websites
www.juicyfields.io and www.juicyholdings.com**

I. Chronological description of events

1. The first contact between the website **juicyfields.io** and **LCMED AG** happened in spring 2021, when the group around juicyfield.io enquired about the possibility of a share purchase of LCMED AG.

The contact via juicyfields.io was initiated by Mr. Alan Glanse. At that time, Mr. Alan Glanse pretended to be the director of the “network juicyfields.io” (attachment 1) who wants to invest in a company that is engaged in cannabis and medical marihuana business.

To clarify, the “network juicyfields.io” was never a registered corporation or a lawful effective founded company.

LCMED AG is incorporated since 02/05/2008 in Berlin. A commercial report is attached (attachment 2). General manager of the LCMED AG is Mr. Erhard Rupert Neukirchner. LCMED AG deals professionally with the production and sale of medical cannabis.

To clarify, LCMED AG operates a completely legal business. The owner and only shareholder of LCMED AG is the *LC Pharma Fund c/o LC Investments Fund SICAV* (attachment 3 and attachment 4) which is not related to this case.

LCMED AG rejected the offer by juicyfields.io and the contact ended.

However, a short time later LCMED AG had to find out that their company brand was used on the website www.juicyfields.io without any authorization by LCMED AG. Moreover, a video was published on Youtube in which was falsely stated that LCMED and juicyflieds.io were business partners. After a legal warning by the general manager of LCMED AG, Mr. Rupert Neukirchner (attachment 5), the brand of LCMED AG on the website juicyfields.io and the video disappeared.

2. In October 2021 Mr. Robert Laibach contacted LCMED AG. Thereby Mr. Robert Laibach introduced himself as an in-house attorney of juicyfields.io. and also, of **Juicy Grow GmbH**. The Juicy Grow GmbH was founded 2019 in Berlin and is registered in Berlin (attachment 6). The Director of Juicy Grow GmbH is Mr. Viktor Bitner.

Mr. Laibach enquired LCMED AG about the possibility of a business corporation. LCMED AG suggested an investment in *Luxburg Carolath Holding AG*.

At that time the *Luxburg Carolath Holding AG*'s business operations had been rested for at least two years. The only shareholder was the *Luxburg Carolath SA*., a company registered in Switzerland. Juicy Grow GmbH agreed to purchase shares of *Luxburg Carolath Holding AG*.

Therefore, Juicy Grow GmbH and *Luxburg Carolath SA* agreed in October 2021 in a share purchase agreement (attachment 7). According to the share purchase agreement the parties renamed the *Luxburg Carolath Holdings AG* into **JuicyFields AG**.

Furthermore, the parties agreed that *Luxburg Carolath SA/Stefan Graf von Luxburg* should stay the main shareholder of JuicyFields AG, holding 80 % of shares and Juicy Grow GmbH should buy 20 % of shares for the price of 1,000,000.00 Euro (No. 8 of the agreement). In addition, the parties agreed in a "put option" in amount of 3,000,000.00 Euro, that JuicyFields AG exercised within the option period (No. 4 of the agreement). Renaming of JuicyFields AG was registered in November 2021 (attachment 8). The Director of JuicyFields AG is Stefan Ludwig Graf von Luxburg. According to the share purchase agreement the parties also agreed that the brand/label of juicyfields.io will be published on the official website of LCMED AG (www.LCmed.de) and juicyfields.io will be listed as strategic partner of LCMED AG on the website as well end of March 2022. Since Juicy Grow GmbH never paid the price for the shares and the "put option" and an additional agreed investment sum of 2,500,000.00 Euro into LCMED AG the brand/label of juicyfields.io was removed from the website of LCMED AG in April 2022 as well as the listing of juicyfields.io as strategic partner of LCMED AG. With letter of July 20th, 2022, by its Switzerland lawyers the *Luxburg Carolath SA/Stefan Graf von Luxburg* disputed the share purchase agreement and declared withdrawal.

3. After the share purchase agreement was effective the in-house attorney of juicyfields.io and Juicy Grow GmbH Mr. Robert Laibach suggested a merger between Juicy Grow GmbH and **Juicy Holdings B.V.** to develop the business activities. The company Juicy Holdings B.V. was founded in the Netherlands on 20 August 2021 one month before the share purchase agreement was achieved (attachment 9). Persons who founded Juicy Holdings B.V. are unknown for the time being.

In preparation of the merger between Juicy Holdings B.V. and Juicy Grow GmbH the JuicyFields AG purchased Juicy Holdings B.V. for the price of 1 Euro on November 29th, 2022 (attachment 10), therefore one month after the share purchase agreement came

to effect. At this moment JuicyFields AG hadn't any knowledge about the Juicy Holding B.V. and its internal business structure.

After the purchase JuicyFields AG installed Dr. Daniel Dank and Dr. Robert Müller as general managers of Juicy Fields B.V. and ordered a due diligence of Juicy Grow GmbH. The due diligence of Juicy Grow GmbH failed because of lack of balance sheet, accounting, income statements and other necessary business reports.

Therefore, JuicyFields AG as sole shareholder instructed in May 2022 an investigation team led by Ms. Birgit-Elisabeth Neumann to analyze and investigate the corporate structure of Juicy Grow GmbH and Juicy Holdings B.V. The investigation revealed that Juicy Holdings B.V. maintained two bank account without knowledge of the general managers Dr. Daniel Dank und Dr. Robert Müller.

The general managers of Juicy Holdings B.V. hadn't have access to these hidden and unknown bank accounts of Juicy Holdings B.V. These Bank accounts maintained by the ISX Bank in Cyprus and VIA PAYMENTS UAB located in Lithuania.

4. Early July 2022 Ms. Birgit-Elisabeth Neumann and Dr. Robert Müller traveled to Cyprus and visited the ISX Bank to clarify the issue regarding the bank account of Juicy Holding B.V.. Besides of Ms. Birgit-Elisabeth Neumann and Dr. Robert Müller, the CEO of ISX, Mr. Karantizs, the Executive Director, Mr. Melo and Ms. Anna were present at the meeting on July 13th, 2022, in Cyprus.

The CEO of ISX, Mr. Karantizs showed Ms. Neumann and Dr. Robert Müller the documents used for account opening and personal verification including the Name of Dr. Robert Müller, his e-mail account, mobile phone number and signing (attachment 11). Also Mr. Karantizs reported the bank accounts were used for money transfers in an approximately amount of 500,000,000.00 Euro.

Dr. Robert Müller assured that the signature shown to him was not his personal signature, that he had never opened a bank account with ISX and that he had had no knowledge of the existence of the account until the internal investigation by Ms. Birgit-Elisabeth Neumann revealed its existence. Dr. Müller also assured that he has no access to the account and no authorization for executing money transfer.

In other words: the Bank account at ISX was opened with fake verification documents by abusing Dr. Robert Müller's personal information. After the meeting Ms. Neumann and Dr. Müller returned to Germany.

With letter of July 15th, 2022, ISX informed Juicy Holding B.V. that the bank accounts will be suspended (attachment 12).

5. After suspending the bank accounts obviously no payment-out took place to the investors and their "investments" that juicyfields.io still collected via the misleading and false crowdfunding website www.juicyfields.io. The investors scammed by the "crowdfunding network juicyfields.io" are outraged and now try to retrieve their investments from Juicy Field AG and may hold Juicy Fields AG liable, which is indeed not the case.

To clarify, JuicyFields AG and LCMED AG are also victims of the fraud committed by the "network" juicyfields.io.

The website with the scam offers a misleading, defaming and insulting information. www.juicyfields.io is still online and accessible, as a result more people could still become victims of the fraud by juicyfields.io (attachment 13). Also, the website www.juicyholdings.com (attachment 14) is still online and accessible.

We strongly recommend to not invest on the website juicyfields.io
