

The logo of the Dixie Firefighters Association is a circular emblem. It features a central Maltese cross with a red and black shield in the center. The cross is surrounded by a blue ring containing the text "DIXIE FIREFIGHTERS ASSOCIATION" at the top and "FOUNDED 1935" at the bottom. The words "TRAINING" and "MENTORING" are written vertically on the left and right arms of the cross, respectively. The phrase "PARTNERS IN SUPPRESSION" is written across the top and bottom arms of the cross.

FIRE SCHOOL EVENTS

FRIDAY, MARCH 8, 2019

Friday Evening Activity – (no registration required)

Louis Crosier Farm Safety Symposium

2 hours Friday 7-9 PM

VENDORS

Vendor booths will be open during the school in the RPC Atrium beginning at 6:00 pm

IMPORTANT DATES

January 7, 2019 – Registration Begins -- \$50 per person.

Register online only at www.dixiefirefighters.com. Go to the link 2019 Fire School Registration at the top of the page. Any questions call 502-827-9354 or toll free (888) 234-7201.

March 4, 2019 – Online Registration Deadline

Online registration ends. Register at the door after this date \$50.00.

March 5, 2019 – Class Cancellation

Classes cancelled with fewer than 10 students.
Students dropped for non-payment.

SCHOOL SCHEDULE

ALL ACTIVITIES HELD AT Elizabethtown Community & Technical College

Friday, March 8, 2019

5:00 pm — 8:00 pm EST	Drop off Pass and/or Register for Open Classes
6:00 pm — 8:30 pm EST	Vendor Booths Open
7:00 pm — 9:00 pm EST	Farm Safety Seminar RPC212 Auditorium

Saturday, March 9, 2019

6:30 am — 8:00 am EST	Drop off Pass and/or Register for Open Classes
7:00 am — 6:00 pm EST	Vendor Booths Open
8:00 am — 5:00 pm EST	Classes in session
11:00 am — 1:00 pm EST (1 hour lunch)	Lunch Served at ECTC <i>Larue Co. Pork & Beef Producers</i>

Sunday, March 10, 2019

6:30 am — 8:00 am EST	Drop off Pass and/or Register for Open Classes
8:00 am — 5:00 pm EST	Class in Session
11:00 am — 1:00 pm EST (1-hour lunch)	Lunch Served at ECTC <i>Larue Co. Pork & Beef Producers</i>

Coffee SERVED from 6:30 to 8:00 a.m.
LUNCH SERVED in courtyard from 11:00 a.m. to 1:00 p.m.

REGISTRATION

- **Registration for Saturday & Sunday classes is \$50 per person and ONLINE ONLY at www.dixiefirefighters.com** and click on the link at the top of the page. After registering, you may pay online or print 2 Invoices and **mail one with payment to:** Dixie Firefighters Association, PO Box 1656, Elizabethtown, KY 42702.
- **Firefighter Application** must be completed and will be given out during your class.
- **Choose** a 16, or two 8-hour courses (no discount for those attending only one day).
- **Included with Registration:** Friday & Saturday night events, **LUNCH** both days and Dixie T-Shirt
- **Pre-registration confirmations** will be emailed to the department, agency, or individual in the form of a door pass ticket.
- All events and meals will be on the ECTC campus.

CANCELLATIONS AND REFUNDS

- **You will not be given training hours if your registration is not paid.**
- **Refunds--**will be given only to students whose class(es) are cancelled, where there is no second choice available. The registration fee is completely transferable. Please call (270) 766-5238 or (888) 234-7201 to switch students.

NFPA REGULATIONS & REQUIRED FORMS

All applicable NFPA Standards are strictly followed and enforced. Courses requiring NFPA 1403 prerequisite(s) or firefighter certification require a **signed approval form from the fire chief submitted with payment** (page 18). All rules concerning turnout gear age and facial hair apply, make sure you are prepared for your class.

JUNIOR FIREFIGHTERS & REQUIRED FORMS

Junior Firefighters must be from a KY Fire Commission recognized Jr. Firefighter Program and submit a completed Jr. FF permission release form, and can only register for designated courses.

- Junior firefighters will be allowed into some courses based on the current Kentucky Fire Commission Junior Firefighter regulations.
- Students ages 16-17 wanting to take EMS Continuing Education **must submit a copy of their First Responder card and the Junior Firefighter Permission Form** with payment.
- We observe a **zero tolerance policy** for disrespectful or disruptive behavior. The students' parents (guardian) and the fire chief will be notified of the dismissal.

COLLEGE CREDIT HOURS & CERTIFICATES

College degree credit hours are awarded for all "FRS" courses. Degree credit classes require passing a **written or a skills exam**. A **Firefighter Application must be completed to receive college credit**. All other courses are for non-degree credit. Instructors will award certificates/training hours at the completion of each course for actual hours student is in class. Fire school **certificates** will be awarded after attending the **entire course**. Students are responsible for entering their training hours into the Kentucky Fire Commission training records system. Obtain a KFS 1-b (yellow sheet) from the instructor for partial training.

Course Listing Description

“911” Emergency Responder Down (AA0003)

8 hours Saturday

This 8-hour block of instruction will consist of a round-table discussion on dealing with the emotion and proper procedures, forms, etc. in dealing with a Line-of-Duty Injury and/or a Line of Duty Death. There will be guest speakers from the Fire Commission and Supporting Heroes along, with video interviews of Chief Officers that have gone through these events.

Open to Ages 15-17

Equipment Needed: None

Prerequisites: Permission Form if Jr. FF

Advance Chaplain Class (JJ0000)

8 hours Saturday

This course is designed to teach the experienced Chaplain necessary skills to help fire departments in times of spiritual and emotional trauma or crisis. Methods of interfacing with community and other first responder agencies will be discussed including details on who we are and what we do as seen through the eyes of others.

Topics Include:

- The Drug Epidemic
- Ethics and Confidentiality:
- HIPAA
- Death Notifications
- Social Media.

Equipment Needed: None

Prerequisites: None

Agriculture Emergencies I – Grain Rescue (Q0006)

16 hours Saturday & Sunday

This course is designed to help the firefighter/rescuer understand responding to farm emergencies. This course is designed to familiarize firefighters with special techniques required to successfully coordinate and execute an agricultural rescue. Topics are:

- Rural vs. urban farm accidents
- Common types of farm accidents and special challenges
- Understanding farm equipment mechanics
- Special situations when responding
- Management of farm related incidents
- Extrication and disentanglement techniques

Equipment Needed: Safety glasses or goggles, Structural or rescue protective clothing with hand and foot protection.

Prerequisites: This is a physically challenging course.

Alternative Fueled Vehicles (M0002)

8 hours Sunday

This is a classroom offering that trains the student on the unique safety concerns presented by vehicles fueled by electricity, bio-diesel, ethanol, natural gas and propane. Information includes video support of actual incidents and the challenges responders face. Fueling stations and resources for additional information will be presented.

Open to Ages 15-17

Equipment Needed: None

Prerequisites: None

Basic Firefighting – Class 1 (various codes/categories)

16 hours Saturday & Sunday

This course covers many of the recommended hours for a new firefighter in Kentucky and offers both classroom and hands-on training. We changed the format from years past and have expanded several sections to provide better skills based training opportunity in those categories.

Safety—B0000 (2 hours)

PPE—F0000 (2 hours)

Forcible Entry—G0000 (2 hours)

Ventilation—H0000 (2 hours)

Ropes—I0000 (2 hours)

Ladders—J0000 (3 hours)

Hose/Nozzles/Appliances—K0000 (3 hours)

Open to Ages 15-17

Equipment Needed: Full Turnout Gear and SCBA, including PASS device.

Prerequisites: Permission Form if Jr. FF and a willingness to work! This is a physically challenging course.

Basic Firefighting – Class 2 – (various codes/categories)

16 hours Saturday & Sunday

This course covers many of the recommended hours for a new firefighter in Kentucky and offers both classroom and hands-on training. We changed the format from years past and have expanded several sections to provide a better skills based training opportunity in those categories.

Safety—B0000 (2 hours)

PPE—F0000 (2 hours)

Forcible Entry—G0000 (2 hours)

Ventilation—H0000 (2 hours)

Ropes—I0000 (2 hours)

Ladders—J0000 (3 hours)

Hose/Nozzles/Appliances—K0000 (3 hours)

Open to Ages 15-17

Equipment Needed: Full Turnout Gear and SCBA, including PASS device.

Prerequisites: Permission Form if Jr. FF and a willingness to work! This is a physically challenging course.

Command and Control (AA0000)

16 hours Saturday & Sunday

This class offers a solid review of the tools to get you started commanding a scene using the acronyms SAW, CSS, RECEO, and VSS while using the NFA Primary Size up chart. Day One is an ICS-Command/Control lecture with several breakout tabletop exercises using the Tactics and Strategy Fundamentals. The following days will consist of working in the “CommandSim” interactive software designed for fire ground scenarios where each person will rotate from computer to computer to change on-scene roles. “CommandSim” is an invaluable tool that will allow us to train in a dynamic, real-time environment which can only be replicated with actual fire ground experience.

Equipment Needed: Notebook and pen/pencil

Prerequisites: Basic understanding of the Incident Command System

Company Fire Inspector (DD0000)

8 hours Saturday

This course is the first part of the Kentucky State Fire Marshal's Fire Inspector Program. This program will educate students on the new fire inspection program and the basics of being able to identify potential fire code issues as you conduct your company inspections.

Equipment Needed: Students are encouraged to bring a tablet computer or laptop and calculator.

Prerequisites: None

Civilian and Agency Response to Active Shooter Emergencies (B0000)

8 hours Sunday

Civilian Response to Active Shooter/Hostile Environment Events As an off-duty responder out in public, or as an employer or employee, how do you react when suddenly faced with an unexpected hostile event? Your preparation and decisions will often make a difference in your or your families' or co-workers safety, or even survival. Your success is often determined on your ability to make decisions under stress. This is often improved by understanding the physiological affects you will experience, and having a knowledge of steps you and those around you can take to limit your exposure to the hostile act. Additionally, understanding what role you will play as other responders arrive and what actions are needed to save the lives of those injured until help arrives.

Responding Agency Calls to Active Shooter/Hostile Environments As an agency that will be responding to hostile environments calls, what planning and preparations need to take place? NFPA Standard 3000 helps agencies prepare and plan for Criminal Mass Casualty calls and introduces the Tactical Emergency Casualty Care principals. Working under a Unified Command, responders will learn concepts such as Rescue Task Force engagement, establishing Casualty Collection Points, and performing rapid tactical casualty evacuation procedures. These unique environments require unique actions. Responder safety must be planned for, and injured patients should not be left to bleed out while an adequate plan is being improvised. Preparation saves lives, both public and responders.

Open to Ages 15-17

Equipment Needed: None

Prerequisites: None

Driver's Training (Initial course) - FRS 2031 (CC0000)

16 hours Saturday & Sunday

This course will use the Kentucky Fire Commission approved curriculum for Driver's Training. Topics such as safe operation of fire apparatus, laws regulating operation, and frequent causes of accidents will be discussed. This course has been updated to include additional information and skills on inspection of apparatus. It concludes with skills on the cone course. Students should be prepared to take a short written exam at the conclusion of the course.

Equipment Needed: None

Prerequisites: Valid Kentucky Driver's License and vehicle insurance

EMS Continuing Education

20 hours

Friday, Saturday & Sunday

This course will provide the 20 hours of the NREMT 2016 NCCP Model that will meet the requirements as the national component for KY EMT recertification. Course material will be adjusted for both Emergency Medical Responders and EMT-Basics.

Equipment Needed: CPR Mask, gloves, stethoscope, and blood pressure cuff

***Prerequisites:** EMT Certification or EMR Certification.

Fire Behavior/Control-Live Burn - FireBlast Trailer (M0001)

8 hours Saturday

This is a NFPA 1403 compliant **LIVE-FIRE** course which will utilize the FireBlast burn trailer as seen below:

Equipment Needed: Full turnout gear and SCBA with PASS device and spare cylinder. All turnout gear must be NFPA compliant with no component older than 10 years. Students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard. SCBA cylinders must have a current hydrostatic test date.

Prerequisites: Completion of NFPA 1403 required components prior to enrolling; "Live Fire Course Competency Validation" form (page 18) must be mailed in with payment. Any student with facial hair that impedes the seal of the face piece will not be allowed to participate in accordance with NFPA Standards.

Fire Behavior/Control-Live Burn Flashover Trailer (FC40000)

8 hours Sunday

This is a NFPA 1403 compliant **LIVE-FIRE** course which will utilize the Flashover burn trailer.

Equipment Needed: Full turnout gear and SCBA with PASS device and spare cylinder. All turnout gear must be NFPA compliant with no component older than 10 years. Students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard. SCBA cylinders must have a current hydrostatic test date.

Prerequisites: Completion of NFPA 1403 required components prior to enrolling; "Live Fire Course Competency Validation" form (page 18) must be mailed in with payment. Any student with facial hair that impedes the seal of the face piece will not be allowed to participate in accordance with NFPA Standards.

Firefighter Survival (FC10000)

8 hours Saturday

This course is designed to help firefighters save themselves when trapped, or involved in an impending flashover. The course is required for Kentucky Firefighter Certification and upon successful completion of both Survival and Rescue courses, degree credit can be awarded for FRS 2052 (if participant display certificates). **"Participant" certificates issued to all completing required skills. "Observer" certificates issued to those that attend lecture only.**

Open to Ages 15-17

Equipment Needed: Full turnout gear including SCBA and PASS device

Prerequisites Permission Form if Jr. FF. Note – this is a physically demanding course.

Firefighter Rescue (FC20000)

8 hours Sunday

This course is designed for firefighters to describe and/or demonstrate techniques commonly used in firefighter rescue situations. The course is required for Kentucky Firefighter Certification and upon successful completion of the course, degree credit can be awarded for FRS 2052 (if participant display certificates). **“Participant” certificates issued to all completing required skills. “Observer” certificates issued to those that attend lecture only.**

Open to Ages 15-17**Equipment Needed:** Full turnout gear including SCBA and PASS device**Prerequisites:** Permission Form if Jr. FF. Note – this is a physically demanding course.**Flashover Awareness (FC40000) / Fire Control Principles (M0000)**

8 hours Saturday

Flashover Awareness class: This basic-level course was created and adopted with the goal of improving firefighter recognition and survival techniques for rapid fire progression and related events. The “Awareness” level course is lecture-based and topics discussed include, but are not limited to: Basic fire behavior and fire development; potential signs, elements, indicators of Flashover and Backdraft; Tactical Ventilation; and Survival techniques. Relevant case studies may also be discussed during the 4-hour version of this program

Fire Control Principals: The afternoon session will expand on that awareness and discuss current techniques in fire control in the modern environment. Ventilation, flow path, and differing techniques of fire attack and control will be presented using case studies and NIOSH reports.

Open to Ages 15-17**Equipment Needed:** None**Prerequisites:** Permission Form if Jr. Firefighter**Hard-to-Get Hours 1 (Various Codes)**

8 hours Saturday

LECTURE ONLY. Some of the toughest subjects to find for certification.

Aircraft-W0000 (2 hours)**Communication-C0000 (2 hours)****Forcible Entry-G0000 (2 hours)****Building Construction-V0000 (2 hours)****Open to Ages 15-17****Equipment Needed:** None**Prerequisites:** Permission Form if Jr. FF**Hard-to-Get Hours 2 (Various Codes)**

Ropes I0000 (3 hours)

Open to Ages 15-17

Equipment Needed: None

Prerequisites: Permission Form if Jr. FF

Hazardous Materials Awareness (T0001)

8 hours Saturday

This course is designed to introduce a new firefighter to the unique hazards posed by dangerous goods in transportation, storage and use, and to meet the requirements for a responder seeking their 150 hour certification. "First responders at the awareness level are individuals who are likely to witness or discover a hazardous substance release and who have been trained to initiate an emergency response sequence by notifying the proper authorities of the release. They would take no further action beyond notifying the authorities of the release." (OHSA) Awareness level training does not include skills, but trains the responder to "Recognize and Identify" hazards, "Initiate Protective Actions", and "Notify" others of the release. (NFPA 1072 – 2017). No PPE is required, but students may step outside to walk-through establishing zones in a release simulation.

Open to Ages 15-17

Equipment Needed: None

Prerequisites: None

Hazardous Materials Operations (T0002)

8 hours Sunday

*This course is designed to expand on Hazardous Material Awareness level training. **This is not a complete Operations level course, but presents information on skills components of that certification level.** "First responder operations level. First responders at the operations level are individuals who respond to releases or potential releases of hazardous substances as part of the initial response to the site for the purpose of protecting nearby persons, property, or the environment from the effects of the release. They are trained to respond in a defensive fashion without actually trying to stop the release. Their function is to contain the release from a safe distance, keep it from spreading, and prevent exposures." (OSHA) Skills may include classroom based scenarios for command and control practice, selection and use of PPE and outside basic decontamination practices, including post-fire gross decontamination of turnout gear.*

Open to Ages 15-17**Equipment Needed:** Full turnout gear including SCBA and PASS device**Prerequisites:** None**ISO- Insurance Services Office Update (A0000)**

8 hours Saturday

The Fire Suppression Rating System is key to determining the amount your community pays in insurance premiums against fire loss. "The FSRS evaluates three main areas of a community's fire suppression system: emergency communications, fire department (including operational considerations), and water supply. In addition, it includes a Community Risk Reduction section that recognizes community efforts to reduce losses." (Verisk, 2018)

ISO representatives will describe the following during this one day class:

- What is ISO?
- Fire Suppression Rating Schedule Methodology
- How communities use ISO classifications
- How to prep for the ISO inspection

Equipment Needed: None**Prerequisites:** None**Organizing Your Fire Department for Success! (A0000)**

8 hours Sunday

This course provides Chief Officers with information that can be used to help those facing the challenges of developing, or restructuring their organization. This course also addresses the necessity and challenges of making changes within your department. Management practices discussed in this training is meant to provide the new, and experience fire service manager, with a positive perspective on leadership. This course could be considered applicable to various levels of fire department management.

Equipment Needed: None**Prerequisites:** None**Principles of Modern Fire Attack: SLICE-RS (M0001)**

8 hours Sunday

SLICE-RS class is open to all chief officers, instructors, company officers and firefighters, introducing modern fire behavior and changes to the fire attack within the profession, based on research findings. This information has been known to be controversial to some, so be prepared for great discussions. You don't have to look far for good discussion regarding fire command, control, accountability and especially fire behavior.

Equipment Needed: None**Prerequisites:** None

Propane Emergencies (M0004)

8 hours Saturday

This is a **LIVE-FIRE, HANDS-ON** course that helps the firefighter make informed decisions concerning propane emergencies. The Bobtail Propane Prop will be used.

Equipment Needed: Full turnout gear and SCBA with PASS device and spare cylinder. All turnout gear must be NFPA compliant with no component older than 10 years. Students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard. SCBA cylinders must have a current hydrostatic test date.

Prerequisite: Completion of NFPA 1403 required components prior to enrolling; "Live Fire Course Competency Validation" form must be mailed in with payment. Students with facial hair impeding the face piece seal will not be allowed to participate - NFPA Standards.

Recruit and Retain Volunteer Firefighters (A0000)

8 hours Saturday

Recruitment and Retention is one of the biggest challenges facing volunteer fire departments today. Volunteers comprise 70% of our nation's fire service, and it is critical that we keep the volunteer fire service strong not only today but well into the future.

This class will help identify the issues we face and help you develop a successful plan to recruit and retain volunteers. We will focus on key points that we know works. This will be an interactive class so be ready to participate. Who should attend this class? Anyone that says they can't get or keep volunteers.

Equipment Needed: None

Prerequisites: None

Strategy & Tactics for Initial Co. Operations (AA0000)

16 hours Saturday & Sunday

The National Fire Academy course is designed for newly promoted Company Officers to learn the use and understanding of strategies and tactics and their importance in ensuring firefighter safety on the fireground.

Equipment Needed: None

Prerequisites: None

Tools of the Trade (G0000 & H0000)

16 hours Saturday & Sunday

Each firefighter that joins your department has a lifetime of habits – and they're not always good ones!

This isn't a course that teaches all you need to know about ventilation, forcible entry or other basic fire theory. It's all about the equipment needed to perform those tasks. Student will be expected to use tools in evolutions. Evolutions will concentrate on hand tools and power tools. Each session will start with tool inspection and maintenance, review of manufacturer's guidance, and discussions of safety. Multiple stations will involve the student in correct tool use. Hands-on activities will be the primary focus of the class. Firefighting PPE is required for each student.

Open to Ages 15-17

Equipment Needed: SCBA and Full turnout gear including fire gloves and leather gloves.

Prerequisites: Permission Form if Jr. FF. Knowledge of forcible entry and ventilation basics. Portions of this class will be physically demanding.

Traffic Incident Management for Responders and Highway Crash Site Mgmt. (B0000)

8 hours Saturday

This 8-hour block of instruction will consist of two 4-hour classes. The Traffic Incident Management class details how temporary traffic control can be established and maintained by emergency responders on-the scene. The Highway Crash Site Management course focuses on inter-agency response to vehicle accidents and offers practical solutions to issues that may arise on-scene.

Open to Ages 15-17**Equipment Needed:** None**Prerequisites:** Permission Form if Jr. FF**Vehicle Rescue Awareness (Q0001)**

8 hours Saturday

The most important tasks for departments that don't have extrication tools may involve preparing the scene for arrival of rescue companies. The time saved can greatly affect patient survivability and responder safety. Students will learn to identify scene hazards, establish a safe working environment, and stabilize vehicles.

Open to Ages 15-17**Equipment Needed:** Full turnout gear, Eye protection**Prerequisites:** Permission Form if Jr. FF**Weather, Emergency Disaster Planning (X0000)**

8 hours Sunday

The first part of the day will cover the impact of severe weather in Kentucky and how to prepare for and respond to various alerts as an organization. The session after lunch will cover additional natural and man-made emergencies and the responder role in disaster planning and response.

Open to Ages 15-17**Equipment Needed:** None**Prerequisites:** Permission Form if Jr. FF**Wildland Firefighting Awareness (FC30000) & PPE (F0000)**

8 hours Sunday

Wildland Firefighting Awareness class: The first half of the training is the 4 hr. required course for KY basic firefighter certification. The class is based on the Forestry S-190 and S-130 courses but has information specific to Kentucky. It is a lecture class focused on the topics of fire behavior, tools, equipment, suppression, urban interface, and wildland firefighting safety.

The afternoon session is a study on the limitations, uses and care of Personal Protective Equipment.

Open to Ages 15-17**Equipment Needed/Prerequisites:** Permission Form if Jr. Firefighter

JR. FF PERMISSION FORM

Dixie Fire School Policy: This form must be submitted with **PAYMENT** for all **Jr. FFs UNDER 18 YEARS OF AGE**. In addition, there is a **zero tolerance policy** for any person exhibiting disruptive or disrespectful behavior. In the event of an incident, the parents (guardian) and the fire chief of the student will be contacted.

NOTE: MUST BE FROM A JR. FF PROGRAM RECOGNIZED BY THE KY FIRE COMMISSION

Student Name: _____ Date of Birth: _____

LIVE FIRE Course Competency Validation Form

The 2012 edition of NFPA Standard 1403 requires that: “Students participating in a live fire training evolution who have received the required minimum training from other than the authority having jurisdiction shall not be permitted to participate in any live fire training evolution without first presenting prior written evidence of having successfully completed the prescribed minimum training to the level specified in 4.3.1.”

NFPA 1403 **requires** “student prerequisites” to permit participation in live fire training evolutions. These prerequisites are:

<u>TOPIC</u>	<u>Chief Officer (initials)</u>	<u>TOPIC</u>	<u>Chief Officer (initials)</u>
1. Safety	_____	7. Water supply	_____
2. Fire Behavior	_____	8. Ventilation	_____
3. Portable Extinguishers	_____	9. Forcible entry	_____
4. Personal Prot. Equip.	_____	10. Building construction	_____
5. Ladders	_____	11. Fire hose, appliances, and streams	_____
6. Overhaul	_____		

The Chief Officer of _____ Fire Department authorizes that _____ has completed the prerequisites and may participate in the live fire training evolutions presented by SFRT.

You must be at least 18 years of age and a member of a Fire Department or an Industrial Fire Brigade recognized by the Kentucky Fire Commission to participate in LIVE FIRE delivered by State Fire Rescue Training. ID’s will be checked by SFRT instructors before allowing students to participate in the LIVE FIRE training.

All Personal Protective Equipment (PPE) of the above referenced student is less than ten (10) years from the date of manufacture.

SFRT requires that all students must be compliant with OSHA 29 CFR 1910.134;

Facepiece seal protection.

“1910.134(g)(1)(i) -The employer shall not permit respirators with tight-fitting facepieces to be worn by employees who have: **1910.134(g)(1)(i)(A) -** Facial hair that comes between the sealing surface of the facepiece and the face or that interferes with valve function;” (hair growth between the skin and the facepiece sealing surface, such

Signature of Chief Officer: _____ Date: / /

This form must accompany any registration form for LIVE FIRE training courses.
