[Words in bold indicate text adapted from the dictation.]

Archangel Michael and Faith, 2-21-93:

1. In the name of Archangel Michael I say:

Be thou removed! O mountain of human karma, O mountain of karma of humankind, be thou removed and cast into the sacred fire this night!

O mountain of human-adversity/perversity consciousness, be gone! Be thou removed and cast into the sacred fire! For I know that I am a son, a daughter of God and I walk the Homeward path. You shall no longer stand in my way, for I am in the heart of Michael Archangel and Michael Archangel is in the heart of me!

2. In the name of the Universal Christ that does dwell in me, I say to the force of Antichrist dwelling in me:

Be bound this day, you force of Antichrist!
Be bound, you dweller-on-the-threshold!
Be bound, you not-self!

Archangel Jophiel and Christine, 2-20-93:

1. From the dispensation from the Great Central Sun I call for reinforcements of legions of angels of Divine Wisdom to impart an understanding of wise dominion in the earth.
2. I take wise dominion over myself, my emotions, my body, my mind, my soul, my spirit, my destiny! Let the Wisdom of God reappear!
3. Beloved Jophiel and Christine, I empower you to go after those who would destroy the children and the youth, through child abuse—the physical abuse of [their brains and] their bodies—or their abuse by drugs, [alcohol and nicotine] in any form.
4. **I AM THAT I AM and I desire to be, O God, thyself in form, for I see such suffering that nothing that I could want or have could ever be more important than my desire to alleviate suffering and bring all sentient life back to thee.**

Archangel Chamuel and Charity, 2-19-14:

1. I call for the Sacred Heart of my own Christ Presence to descend over my heart. I call to my Lord Jesus Christ that his heart may know my heart as one with his. I prepare my heart

consciousness and the subconscious world of the energies of fear. Come forth with a light of wholeness and reestablish

those coordinates between spirit and matter for the direct flow of cosmic consciousness into the cells of the brain, the heart and the entire temple of man and woman which are necessary for the transfer of the light of the I AM Presence to the patient for the reestablishment of the currents of flow.

10. In the whole armour of God, I AM the faithful one who will be a healer of earth because I have elected to be the electrode of the flame of healing wholeness.

3. In the joy of the hosts of the LORD, I purify all levels of consciousness to hold within the chalice of my temple that light which will stay the oncoming darkness, which will transmute it, which will laugh at the fallen ones and release the joy of the angels that will consume all of the fallen ones' darkness and their mechanization.
4. I return to the state of wholeness and reject the concept of the lie of original sin, and realize that all that separates me from the source and from wholeness is obedience to the Law.
5. In the moment of Servatus' coming, in celebration of Life that is universal and triumphant in the temple of being, I know the presence of the LORD's Hosts whereby there is no condemnation, no downward energy upon the head, the heart and the shoulders of those who bear the testimony of the light.
6. I come for the healing in the New Jerusalem, the healing of the nations and of consciousness for the restoration of the flow of life to this nation and to every nation.
7. In the name of my I AM Presence and Christ Self, I would be the healer of the nations because of my love for humanity, and I will be the healer of myself and the healer through the teaching, through the sacred fire, through the thrust of the mantle of responsibility upon the shoulders of the one who asks for healing.
8. "Physician, heal thyself." I would become the physician of my own body and soul and mind. Wholeness is my goal as I fight the good fight and overcome all that I have sown that is the reaping of those conditions which are less than the consciousness and the body of the Christ.
9. I call to Servatus and Ray-O-Light to invoke the fearlessness flame and the legions of Ray-O-Light to clear the

to receive the heart of Christ—Christ within me, Christ without.

2. I call fearlessly for the purging fires of Divine Love and the Archangels of the Third Ray to come as exorcists on the path of the Buddhas of the Ruby Ray and to take from me my fear and doubt as I have the courage to replace these with unending, unmitigated love.
3. I call to the Seven Archangels and especially to Michael, Prince of the Archangels and for legions of angels—the exorcists of Divine Love—to bind the demons who have taken our children into the streets—into gangs and into troubling situations of the souls of parents everywhere.
4. I call for the binding of the forces of anti-Love and for the protection of the youth as the legions of Light of the Central Sun go forth in this hour for the rescue of the youth of America and the world that these rebel angels shall not have their day, shall not destroy the souls of youth and children and age alike, but that [these souls] shall be restored to the sanity of the Mind of God they once knew. By Divine Love we enter!

Archangel Gabriel and Hope, 2-26-93:

1. I come to herald the day of Christ's appearing in me! I bend the knee in profound humility and seek the reconstruction of my soul's association with the Rock of Christ for now is the hour and the day of the harvest of many thousands of years of earth's karma. I seek early the consolation of my soul and my heart by violet flame's saturation.
2. **I AM not afraid! I AM not afraid! I AM not afraid, for I AM come with the annunciation this day of my opportunity**

for eternal Life. I can be made ready in this life for my ultimate union with the Lord and his Christ. I denounce hell and the anger of hell and the fires of hell and I put out once and for all the red flames of pride and anger and arrogance that leap out of unconscious realms of the mind. I quell them and seal them and give them no more voice, no more entrée into my being. I do not deny the voice of my Inner Christ, but prefer it over the voices of the night.

3. I will not be a victim of an astrology (and the karma it foretells) but I conquer by the Light of the Great Central Sun and the Sun of my I AM Presence. And blessed Hope comes with her sword to separate me from the un-reality of wishful thinking, dillydallying in the doldrums, allowing the days and years to pass without marking my spiritual progress or lack of it.

4. In the name of Archangel Gabriel and Hope:

I AM made in the image and likeness of God!
I AM the image of Christ stamped upon my soul.
It is the inner blueprint.
Out of that image I was made:
Unto that image I conform myself once again.

I seek early eternal Life!
I celebrate it each day at dawn!
I do not postpone it unto the morrow.
I increase the sacred fire breath.
I increase the fire flowing within me.
I live to serve others.
I surrender to God's holy will.
I know the service of the cross.

5. I will be an ascended master in the kingdom of God, giving my all to tend the sheep of the far-flung pastures of the Lord.

side with them. I defeat Death and Hell today and get on with living the Life everlasting here on earth.

6. I call to Justinius, champion of the soul of Light, the seraphim and the angels of Victory to accompany me from this day forward to the hour of earth's victory—and my own. And I bow to the Light of my Father-Mother God, I AM THAT I AM. Amen.

Servatus, 4-6-77:

1. I, Servatus, come by dispensation of the Lords of Karma to anchor certain radiations in the City of the Angels [Los Angeles] to be the healing Mecca of the earth.
2. I, Servatus, healing angels and Archangel Raphael, come to answer the call of Lightbearers that they might be infilled with greater light to be electrodes for the twelve-month period beginning April 23 when the misqualified energies of the Fifth Ray of Healing and Science and Truth, as well as the perversions of the hierarchies of Virgo and of Pisces will be upon the planetary body. These energies are the perversions of these hierarchies that lead to death and the death consciousness—anxiety and fear and doubt and every manifestation of injustices which mankind have practiced against their own body temple; the records of the misuses of science in the laboratories today of the reincarnated scientists who perform the same experiments which they did in those last days of Atlantis; and the return of that energy of mankind's karma of thousands of years of the misuse of this light of the Emerald Ray.

Holy Justinius, 2-28-14:

1. In the name of Holy Justinius, I call to the seraphim, the legions of Victory, angels of the violet flame and all hosts of the Seven Archangels for the clearing of the records of organized crime! I call for the multiplication of the action of transmutation! I call to them to make this city a city of violet flame, a city of light, a city where the I AM Presence may step through the veil and appear to the little children.
2. I call to the seraphim and the seven Mighty Archangels for the protection of our children from violence and violent thoughtforms on TV and the misuse of the technology given to the people by Saint Germain.
3. **I AM not helpless!**
I AM not helpless!
I AM not helpless!

I AM centered in the kindness of the mighty Bodhisattva become Buddha, Lord Maitreya.
4. I engage! I engage! I engage! and lock in to the mighty spheres of light that make up the resplendent bodies of the seraphim; I engage and lock in to that life-and-death struggle against my own dweller-on-the-threshold; I engage and lock in to the struggle against the denizens of hell who move among me. I call forth the light of God.
5. I call for the armour of seraphim to be placed upon me to go forth as a pillar of fire amongst the seraphim, serving side by

6. **Come unto me, O my friends, O my angels, O legions of Gabriel and Hope! Come unto me in this hour! Deliver me of that state of consciousness that is even despicable to me and yet, for my pride, I am unable to kick it out, I am unable to exorcise it.**

Therefore enter, angels of Gabriel! Enter my temple now and take from me all of this useless baggage, that I might return to the heart of my own inner child in response to the pleading of my soul that I should go the way of my Lord no matter what the price.

I will not beat my head against this rock of human pride any longer. I will, rather than keep my pride, cast myself upon the Rock of Christ and let my pride be broken so that my inner child might emerge in all holy innocence and that my inner child might at last be nurtured by my loving heart, made loving by my Saviour, Jesus Christ.

7. In the name of my beloved Mighty I AM Presence:

I will love my soul free!

I will liberate my soul from this naughty human ego!

Yes, I will let nothing stand in my way, for I see through the eyes of Archangel Gabriel this night as he does give me to see.

I see those things that could easily come upon the earth. For who can control terrorism? Who can control the misuse of deadly weapons by insane persons who long ago committed themselves to Darkness and yet are in control of the weapons of many nations? Earth is a powder keg and earth is diseased. And the diseases are everywhere, waiting to infest the bodies of the servants of God.

Yes, I will let nothing stand in my way, for I see through the eyes of Archangel Gabriel this night as he does give me to see.

8. I call to the Archangels to expose terrorism and its possibilities for wreaking havoc in this nation. I expose international terrorists before the bomb explodes, before the use of nuclear weapons. I pray that the howling discarnates who occupy them shall not give force to a race of insane and dispossessed and disenfranchised persons.
9. In the name of the living God, I pledge with Gabriel, with Hope and legions of Light to fight worldwide terrorism and to stop war at every level! My heart's desire is to hold the line against the Darkness that could cover the land.

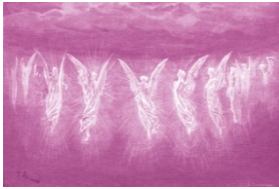

Archangel Raphael and Mother Mary, 2-27-93:

1. **In the name of God: Archangels Michael, Jophiel, Chamuel, Gabriel, Raphael, Uriel, Zadkiel, Uzziel, come forth now! Save this city! Save this city and bind all forces of Darkness instrumental in this particular crisis: [name the psychic or physical crisis].**
2. I invite Archangel Raphael and Mother Mary into my life and I see impossible situations turned around because I have a Deathless Solar Body and I have the Mind of God!

4. In the name of God I increase my dynamic decrees to the violet flame in this the decade and the challenge of its descending karma. And therefore I transmute! transmute! transmute! by the action of the sacred fire of God within me all that karma descending in and around me and in our cities and nations.
5. I elect to let go of my sense of injustice in my relationship with my God, as well as the painful records of that sense and in deepest communion with my God I make my decision to be free, once and for all, to fulfill my destiny.
6. I vow and promise to God not to engage again in fear and doubt and human questioning, and resolve to fear no evil, for the Lord is with me always. In the full incarnation of the Word as Jesus is, I AM a worthy vessel, cleansed and purified by the violet flame in the joy of true holiness at all levels of being and in all of my chakras. This day I have decided to be a pillar of violet flame.
7. In the name of Holy Amethyst, let the crown of the World Mother and of the Woman clothed with the Sun rest upon the Higher Self of all who must fulfill the mission of the Feminine Ray in this hour. This calling from the Father-Mother God is to the souls of both men and women.
8. Let the sacred fire rise! The magnet of the Mother Flame, so consecrated in my being, is able to hold sphere upon sphere of violet flame in my aura.
9. I AM there in the day of the Lord's appearing! I AM there in the day of need of one soul or the millions! I AM there in the mighty sphere of the violet flame and I hold the balance for the many as my mission.

9. I keep the fire! And I speak to the lesser self often:

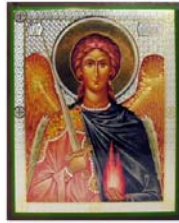

Peace, be still and know that I AM God!
In the name of Uriel and Aurora:
Peace, be still and know that I AM God!
Peace, be still and know that I AM God!
Peace, be still and know that I AM God!

Archangel Zadkiel and Holy Amethyst, 2-27-93:

1. Helios and Vesta, fill all the legions with violet flame! Fill them with violet flame that they might deposit a just portion to those who are ready for the spiritual experience and the spiritual path as taught by the adepts of all time.
2. I pray to the Seven Archangels to show me how to release the momentums and the conditionings of these enemies of my soul: fear, doubt and human questioning, the anxiety syndrome and the records of death from my past lives. Into the violet flame these must go!
3. In the name Jesus Christ and in the name of my Mighty I AM Presence, I call for the binding of the not-self of individuals who perpetrate crimes against me, against humanity and especially against the children and youth of the world. I call for the judgment of the not-self, the unreal self of anyone.

3. I look up to the sun of my I AM Presence and say, O God, help me! And the angels to enter my life and turn things around and set things right and direct my on my course to accomplish the mission that God has anointed me to in this hour.
4. How shall the world be healed unless some say in the words of the Divine Mother:
I will turn this thing around.
I will invoke the violet flame and the Holy Spirit!
I will accept my healing in my four lower bodies.
I will pursue therapy for my soul.
I will resolve the schisms in my psyche.
And I will come to the point of wholeness!
I will stop the momentums of generations before me who have abandoned the child.
I will nurture life!
I have no greater calling than to restore to every part of life the gentle communication of the Mother:
"I AM here.
"I have returned.
"I AM with you.
"I AM not afar off."
5. I call upon the violet flame for the healing of the soul in pain for its mission cut off by abortion.
6. I call on the law of forgiveness for myself and all to serve life and care for children and to bring in those souls that may have been aborted through ignorance, through unknowing and in a distraught hour.
7. I call to Mother Mary, my mother of love, approachable and never condemning, who holds the immaculate concept for my victory.

Archangel Uriel and Aurora, 2-20-93

1. I reinforce the dispensation from the heart of Saint Germain who does take a portion of his grant to assist me to cut free the souls of Light who are next in line, next to enter the Path and climb Jacob's ladder, to climb with the angels—ascending to God, descending again to the lower levels to go after the untransmuted karma, then by the power of resurrection's flame ascending the ladder of life again.
2. I call to Archangel Uriel who always carries the sword of the Ruby Ray to let that sword fall into my midst that it might divide me from the darkness and the unreality that looms so large and real each day.
3. I call with the Messenger to be crucified and to be reborn, to die daily and be resurrected in the great Spirit of the Resurrection, who dwells in the heart of the Great Central Sun. In the day of the risen Christ I confirm my own immortality, my own freedom from sin, disease and death, my own freedom to be in this life in this body and not partake of the poisons of death but lead a planetary home and the legions of Light in embodiment and all souls of beauty and truth up the mountain of God, up the mount of the Presence.
4. Anything is possible and nothing is impossible with God!
I will not say die!
I will not give up or give in!
For the sake of my children, my household, I will not be moved.

**We will be in the heart of Moses and we will serve the Lord.
 We will serve the Lord.**

**We will know his name I AM THAT I AM and we will trust
 in him.**

Peace, be still and know that I AM God!

I speak, then, to the untransmuted self!

I speak, then, to the undisciplined self!

**I speak, then, to my members that are not yet in the
 cauldron of the violet flame!**

I speak to my four lower bodies!

I speak to those naughty habits and say:

Peace, be still and know that I AM God!

5. I AM the victor over Death and Hell, I AM the victor over every circumstance and every possible karma that could come upon me. I will defeat that karma by plunging into it, balancing it, atoning for it!
Peace, be still and know that I AM God!
6. Let there be the binding of false teachings in the realm of Christianity and every other world religion! Let the true Light of the Divine Manchild appear!
Peace, be still and know that I AM God!
7. I AM the Lord's instrument. The Lord Christ does decree the judgment of certain fallen ones whose time has come, and he says: "Uriel, I have summoned you this day. Go forth, then! Bind that company of fallen ones with all of your hosts! For they may no longer walk the green earth nor interfere with these my little ones."
8. I pray that every heart of Light on earth might find that perfect path to the heart of God and to his I AM Presence and that these hearts of Light might know the joy flame, the violet flame that is the key to the balancing of karma and to their resurrection and ascension in this life.
