DANTE THOMAS

A voice with history.

VOCALS & RAP / OFFICIAL C-BLOCK MEMBER

Known internationally for "Miss California," Dante Thomas brings a distinctive R&B voice and an instinct for direct audience connection to C-BLOCK. His breakthrough single and debut album *Fly* established the musical identity that continues to shape his live work.

As the official successor to Tony "Red Dogg," Dante performs the classic rap passages and male vocal parts. Alongside Bella, he gives the familiar hooks a fresh vocal dialogue; with Franky Miller, he connects that exchange to the sound of the original catalog and the new recordings.

His signature song "Miss California" is also available as an additional live highlight by arrangement.
