# About Us

Milla Group (SL) Ltd. was incorporated in 2001 in the Eastern part of Freetown, Sierra Leone. Milla currently has five manufacturing areas of expertise.

Milla is regarded as a pioneering local manufacturing industry striving to promote the **Made In Sierra Leone** image. Milla Group has aimed to always deliver to an end-to-end solution to its customers. We handle everything from the procurement of raw materials, shipment logistics, clearing and inventory control, manufacturing, wholesale delivery and finally retail point of sale.

The sister branch known as Pee Cee and Sons, trades in food and hygiene products. The combination of having all these items available allows us to serve the market better. [www.peeceeandsons.com](http://www.peeceeandsons.com)

## Business Strategy

- To be the market leader in plastic manufacturing in Sierra Leone.
- To work with key suppliers from around the world to procure the best materials and technologies in order to deliver quality products.
- To improve the manufacturing and product innovation capabilities in order to be first-to-market for the various segments we enter.
- To work in a sustainable manner with all respect to organisations, vendors and most importantly the consumer.

# Product Offerings

Identifying needs and providing solutions is at the core of Milla’s business strategy. Milla prides itself on continually striving to achieve these following objectives:

- Ensuring water conservation is prevalent and affordable throughout the geography of Sierra Leone.
- Actively reducing the enviromental impact of waste through providing garbage disposal solutions.
- Providing reliable and cost-effective household plastics for the everyday local consumer to use in their home.
- Creating bespoke and safe packaging solutions for food, water, grains and liquids.
- Facilitating local agricultural plantations with products that enhance sustainable growth.
- Supplying quality products to an array of construction houses and building material vendors.

With the objectives outlined, Milla Group has encompassed a host of market segments by producing industry-standard bespoke product offerings that are reliable and durable.
