How about an easy trip to a hidden Mule Deer and Whitetail Deer Mecca where you don't need to mess with preference point, drawing, wait and see if you have a license and all that happy Horse SHIP.

You can easily get there it is just an area that has been hidden under our nose and the deer population is exploding. Welcome to the British Columbia Canada Boarder just a 30-minute drive into Canada.

Why Canada? You can fly into Victoria BC or land a little short in Washington state and drive over the border. Then again it is so close it is almost the United states it is so close to the boarder.

Most hunters in the Pacific west looking for Mule deer plan on a 3-day drive from California to Colorado.

This trip is half the distance and what other states can't offer is no draw Mule Deer licenses. The weather is not like you think of Canada, it is so far south and west of the Rocky Mountain, so in October with a large concession and abundant populations of game animals, success is very high. Seasons overlap to create combination hunts with various big game animals.

We have a fully equipped, private lodge to add to your great hunting experience. Hunting is done by 4x4, spot and stalk glassing large open ranges. Hunting prime rut time is excellent.

You can even shoot a Mule Deer and a Whitetail deer if you want a pair. You can Hunt during the mild October weather or the November Rut which does remind you that you are in Canada.

There are economy hunts and Trophy Hunts and in deer there is one of each for mule deer and whitetail. The main difference is the seasons hunted. The October season is mild, you are fed and stay in the lodge. In the mornings you may walk right out of the lodge to hunt, or ride horseback, or up in a 4-wheel drive pickup. The destination to you is where the deer is. The destination to your guided is where pre-season scouting has proven that a herd of bachelor bucks has taken up residence.

You are hunting at an altitude of 1000 feet above sea level, so you are never out of breath. With a short swing of 40 degrees at night up to 80 degrees during the day, temperatures are very enjoyable as well.

All prices are in US Dollars. Prices do not include licenses, tags, or taxes. Currently the exchange rate and the US dollar is a much better situation for the US Dollar than it is for Canada. This is a great time to hunt Canada, and even more so when you hit the deer explosion and close to the boarder.

Non-Resident deer license are about \$250 which is a good buy in any state or country when you are on the buying end.

**A. The Economy Mule Deer Hunt** is light on the pocketbook, enough that you might want to take 2 bucks.

It is a 3-day hunt with an extremely high success rate. The season dates (9/10-11/30 are as generous as the amount of deer property that is available on the outfitters large concession.)

**This is a great hunt for beginner youth hunters.** With large deer populations success is 100%. Hunting before general hunting season allows youth hunters opportunities at un-spooked deer.
