

## What is Hamburg's "Rathausdemo" about?

- Alongside the world-wide corona crisis, we have experienced a **crisis of responsive restrictions and measures** which are putting a significant strain on our liberal democracies.
- These measures have already led to **avoidable damage**, predominately affecting the most vulnerable in our society, globally as well as locally.
- We aim to tackle these developments and are committed to **stand up for dialogue and reconditioning**.

*Please find an English translation of our 6 goals below (end of our website's front page).*

*If you have further questions, please don't hesitate to contact us: [kontakt@rathausdemo.de](mailto:kontakt@rathausdemo.de)*

*You would like to help us (e.g. hand out flyers, translate our goals in other languages, paint banners, develop new ideas for protest actions, make use of your professional skills)? Great, please let us know!*
