a luxury adventure designed by
The Morocco Truck Expedition is a unique and exclusive travel adventure designed by One Life One Time. Our expedition offers a small group of adventure-craving travellers an opportunity to experience Morocco in a very special way. We travel in 4x4 Expedition Trucks specially adapted and equipped to meet any challenge on the road, while providing exciting activities, tours, first class accommodations and top gastronomic experiences. A multidisciplinary team of professionals with extensive experience will take you on a travel experience like nothing you have ever seen.

Undoubtedly, the stars of the route are the **EXPEDITION TRUCKS 4x4 DOKA**. These are all-terrain double cab expedition trucks, specially equipped for adventure, allowing us to move comfortably on roads, tracks, dunes or any other surface. The double cabin allows us to carry 6 people comfortably seated, two of which belong to the organization: the driver and the navigator. It is a trip designed for people who enjoy traveling by land, observing the vast geography, getting to know the villages and interacting with the people who live there.

We have designed a route through different landscapes and geographical reliefs of Morocco, which will start for our first group in the city of Fez and will finish in Marrakech. We will visit part of the Atlas, various Moroccan villages, palm groves, oases, ruins, deserts and dunes.

This adventure lasts 8 days and 7 nights, which take place between the luxury of the 5 star hotels in the cities, the warmth of the rural hotels, and the tranquility of the Haima Camps in the middle of the desert. All this combined with visits to special places and activities planned exclusively for our clients. The maximum number of people per group is 16, and we only accept 1 group per route. Group 1 will go from Fez to Marrakech, while Group 2, the following week, will do the reverse route, that is, from Marrakech to Fez.

This is not a tourist excursion, it is a life experience, we design unique adventures where we make you feel as if you were on a trip with friends, one of those that are only done once in a lifetime.

Antonio Aramburu G. - Expedition Director
Morocco is a crossroads between Europe and Africa, bordered by the waters of the Mediterranean and open to the vastness of the Atlantic.

It is the "country of the distant west", a destination full of contrasts, with two millennia of history that is worth discovering.
Reliability:
Because of their type of construction and robustness, they are made to withstand greater punishment, as well as function perfectly in extreme conditions.

Visibility:
Because of their height, trucks give us a better view of the geography around us and favor driving. Once you get on an expedition truck you will see the world with different eyes.

Safety:
Because of their robustness and height, these trucks are much safer vehicles than conventional SUVs against road obstacles. They do not circulate on the road at more than 90 km per hour and have special satellite navigation equipment.

Capacity:
The wide load capacity of a truck allows us to carry everything necessary to mount a complete, comfortable and safe camp. Our trucks are adapted to cover all the needs of the expedition and facilitate the experience of our adventurers.

We provide a truck with bathroom and shower, another with a full kitchen, another one with the camp material and a general supplies truck. In addition, the trucks have electric generators, communication equipment, water tanks and outdoor lighting.
Fez is famous for its ancient walled city, which many compare with the one in Jerusalem. Within its walls we can visit the University of Qarawiyyin, Nejjarine Square, Sefferine Square or the tanner’s souk. Its foundation dates back to the eighth century, which makes it the oldest, richest and most mysterious of the four imperial cities of Morocco. It is the capital of Islam in this country and has one of the oldest universities in the world.

In 1981, the Fès el-Bali Medina was declared a World Heritage Site by Unesco and is considered the largest pedestrian zone in the world.

The city is divided into three zones:
Fès el-Bali, the old area within the walls.
Fès el-Jdid, the new medina.
The Ville Nouvelle, created during the French colony.

discover it with our private guide
Like the cities of Fez, Rabat and Meknes, Marrakech has the privilege of being a majzen city, meaning it is imperial, and the successive dynasties that have been established there have continued enriching.

It also enjoys a special prestige, which is to give its name to the entire country. Marrakech is listed as one of the most important cultural centers in all of Morocco.

It is also the tourist capital and the first of the travel destinations in Morocco, as well as a very lively and famous city, among many other things for its markets and festivals.
The Fès Marriott Hotel Jnan Palace is located in the center of Fez, in the new district of the city and offers modern rooms with air conditioning. The hotel has a large outdoor pool, a top-notch gym and a full SPA.

The rooms at the Fès Marriott Hotel Jnan Palace feature a balcony and a bathroom with free toiletries. Some have view to the pool and others to the surrounding gardens. You can access all rooms by elevator.

A full English breakfast is served every morning and can be enjoyed in the room upon request. The Fès Marriott Hotel Jnan Palace has 3 restaurants: one with Moroccan cuisine, another with Italian food and an international restaurant. It also has 3 bars, including an English-style pub.

The SPA has a sauna and offers massage services. There is also a library at the Fès Marriott Hotel Jnan Palace.
Mövenpick Hotel Mansour Eddahbi
MARRAKECH

The Mövenpick Hotel Mansour Eddahbi Marrakech, is located in The Hivernage district of Marrakech, 100 meters from the Palace of Conferences. It has an outdoor swimming pool open throughout the year and has a complete Hammam & SPA.

Some rooms have a living room area. All are equipped with a flat-screen TV and a private bathroom with bathrobe, slippers and free toiletries.

The Menara Gardens are 1.2 km from the hotel, while Jamaa el Fna Square is 1.2 km away.

The Marrakech-Menara Airport is at 3 km distance from the hotel.
During our route we will spend 3 nights in rural hotels in unique locations such as:

**Erfoud, Zagora and Ouarzazate.**

These hotels are known for having a more traditional style and decoration, regional gastronomy and a special location that allows travelers to relax, recharge and rest without having to get far away from the route.
For this adventure we have chosen Berber-style camps exclusively mounted for us, which offer a spectacular nomad experience. They are specially unique because of the "Haimas", which are traditional tents, originally made of dromedary skin and typically used by nomad tribes. Each double Haima is equipped with bathroom and shower.

The camps are located in desert landscapes and allow us to perform unique activities, such as stargazing or hiking under the light of the full moon.
These are some of the activities that we will live during the expedition

BUGGIES IN THE SAHARA

Drive these vehicles through the most spectacular desert tracks, where you can live the adrenaline of speed and adventure in an incomparable setting, which until recently was reserved only for Dakar participants.

This activity is guided by professional monitors who will take you through landscapes of extraordinary contrasts under the sun of the Sahara desert.

DROMEDARY RIDE - HAIMA CAMP

You will enjoy a dromedary ride at sunset, which is undoubtedly a way of feeling and living the desert at its purest form. Back to Camp dinner with open bar a delicious will be waiting for you.

During the night, before going to a well deserved rest, we will liven up the atmosphere with a party around the bonfire with music from timbales and local instruments. A cultural experience that, together with the magic of the place, it is not easily found.

TRUCK MANEUVERS

Live the experience of driving one of our 4x4 Expedition Trucks, supervised by our experts.

Guide these impressive machines on a controlled circuit with obstacles through the desert, where you can test your driving skills against the rest of the participants.

We guarantee it will be a unique experience!

TELESCOPE STAR OBSERVATION

There is no better scenario to look at the stars than the darkness of the desert. We have chosen the desert of Merzouga and hired an expert to guide us in this memorable experience.
KASBAH AIT BEN HADDOU
To the south of Marrakech and completely out of time, there is the city of Ait Ben Haddou, one of the most beautiful and fascinating places in Morocco.

Located in the foothills of the southern slope of the High Atlas, lost on the ancient route of the dromedary caravans you will find the most famous Ksar in Morocco.

AÏN EL ATI ERRACHIDIA GEYSER
About 25 kilometers north of Erfoud, on the side of the N13 road, it is surprising to see a large stream of water emerging in the landscape.

It is really worth to observe this kind of desert geyser that causes incredible colors on the rock, where the water comes out hot from the bowels of the earth.

A natural curiosity at the gates of the Sahara.

AZROU AND THE CEDAR FORESTS
Azrou is an important Berber population inside the Middle Atlas, where more than 80,000 inhabitants live.

Better known than the city are the cedar forests that surround it and the monkeys that inhabit them.

MERZOUGA DUNES
35 km from Rissani, 50km from Erfoud and 130km from Errachidia, is the impressive sea of dunes called Erg Chebbi.

It is a region with climate and desert landscapes with sand dunes “erg” and stone “hamada”. We will pass through dry riverbeds and oases in which the population centers are located.

This population was originally nomadic, today it is largely settled in small towns.
The gastronomic experience is crucial for us, it represents the perfect counterpart for every day of adventure. We carry our own truck equipped as a kitchen and a professional cook, which allows us to serve full breakfasts, first class picnics and gourmet dinners. We have everything you need to set up a good table and enjoy.

We also have a full bar, which will be set up every night in the dining room to accompany dinner and the subsequent after dinner gathering. If you have any intolerance or follow a special diet, you just have to let us know on your enrollment questionnaire and we will take it into account so you can travel without any worries of any kind; just relax and enjoy.
ITINERARY

GROUP 1 - FEZ > MARRAKECH

DAY 1: Sunday April 26: Arrival in Fez
A member of the expedition will pick you up at the Fez airport to take you to the hotel where you can check-in and relax. In the afternoon, we will meet in the lobby for a tour of the old city area (Fès el-Bali) with our private guide, who will show the history of the city and its most important places. Once we return to the hotel we will have the Welcome Dinner where we will explain the expedition in detail and properly introduce the whole team.

DAY 2: Monday April 27: Fez - Erfoud
After breakfast at the hotel, we will start the MOROCCO TRUCK EXPEDITION at 8 am, heading south towards Arzou, a Berber town located in the Middle Atlas, where we will explore its cedar forests, which house an important colony of macaques. We will continue through the Atlas to a privileged place where we will set up our lunch tent and enjoy a meal by the expedition Chef. We will follow the route towards Erfoud, where we will visit the Aïn el Ati Geyser and then arrive at the hotel where a dinner is waiting for us.

DAY 3: Tuesday April 28: Erfoud - Merzouga
After breakfast at the rural hotel, we will visit The City of Orion, built by Hannsjörg Voth, a renowned German artist for its Land Art style. Then we will go to enjoy the spectacular views offered by the so-called "Portuguese Prison." Next we will visit Rissani, one of the most beautiful villages in Morocco, which has a market worth visiting. Lunch prepared by our Chef in a nearby Oasis. We will continue our route in the direction of Merzouga, along the stream of a sand river. At sunset and we will arrive at the Haima Camp in Erg Chebbi where later we'll enjoy a ride on dromedaries. The Chef will prepare us a barbecue and cocktails under the stars.

DAY 4: Wednesday April 29: Merzouga - Lake Maider
After enjoying the sunrise, we will have breakfast at the camp. Taking advantage of the desert, we will take a ride in buggies through the dunes, then depart in the direction of the Lost City. We will set up our table in a special place in the desert and our Chef will surprise us with another meal to remember. We will continue the route until we reach the next Haima Camp at Lake Maider. It will be a perfect night to look at the stars.

DAY 5: Thursday April 30: Maider Lake - Zagora
For this morning we have designed a skill test where you will have the opportunity to drive an Expedition Truck 4x4, with the help from a professional, in a controlled circuit with obstacles and beacons. You’ll learn first hand that these giants have to be treated very delicately. After rewarding the winners, we will continue the route to the city of Zagora through the Port of Vulcano and admire the impressive landscapes that nature has to offer. We'll stop on route for lunch and at night we will enjoy a Moroccan dinner at the hotel, enlivened with Berber music and regional dances.

DAY 6> Friday May 1: Zagora - Ouarzazate
After breakfast, we will visit the Kasbah des Caids in Agdz and then we will move to the Skoura Palm Grove where our Chef will give us a master class of paellas. Then we will visit the Atlas film studios where films such as The Jewel of the Nile, Aladdin, Game of Thrones, Asterix & Obelix, The Mummy, Gladiator, etc. have been filmed. We will end the day at the hotel enjoying the last dinner en route before returning the next day to Marrakech.

DAY 7> Saturday May 2: Ouarzazate - Marrakech
We will have an early breakfast and leave towards the Route of the Thousand Kasbahs. We will stop to visit the Ksar of Ait Ben Haddou, probably the most important in Morocco. At this point, we will begin the final stage of our route to Marrakech, after crossing the port of Tizi n’Tichka at 2260 meters altitude. Once the descent begins we will stop to eat, enjoying the spectacular views of the Toufliht forest. Upon arriving at the hotel you will have time to relax and get ready for the city tour where we will visit the Koutoubia Mosque, Jamaa el-Fna Square and the exciting Marrakech Souk. In the evening, we will have the Farewell Dinner at the hotel and the closure of the expedition with the entire team.

DAY 8> Sunday May 3: End of Expedition
Enjoy breakfast at the hotel and free time to walk around the city, go shopping at the Souk or just rest before your driver takes you to the airport to catch your flight back home.

This itinerary describes the outbound route and the activities of Group 1. The return route is the same, done in reverse for Group 2, departing from Marrakech on Sunday 5/3/2020 and arriving in Fez on Saturday 5/9/2019.
The Team

We’ve assembled a team of professionals from different fields, with more than 25 years of experience in the organization of trips, competition in the Dakar Rally and other forms of motorsports competitions, photography, logistics, engineering, gastronomy, marketing and other disciplines.

An expedition of this scale would not be possible without a team like this. All team members are passionate about adventure and will be happy to share their experiences and anecdotes with the participants.

Other Members of the Expedition

- **Chef**
- **Local Guide**
- **Production Assistant**
- **Media**
- **Expedition Truck Driver 1**
- **Expedition Truck Driver 2**
- **Expedition Truck Driver 3**
- **Expedition Truck Driver 4**
WHAT WE OFFER?

Advantages of living this experience with ONE LIFE ONE TIME

**Vehicles:** We have well maintained and prepped vehicles, in optimal mechanical and comfort conditions. They are adapted according to the secondary function they fulfill (kitchen, bathrooms, camp or supply) and have all the necessary equipment so that our staging is unbeatable. Our drivers are professionals with many years of experience in different and complex geographies, being able to solve any situation that arises, with the necessary knowledge and serenity.

**Organization:** We plan and organize in detail everything necessary to move trucks to Morocco and hire the best accommodation in each destination. We carry professional camping equipment, offering maximum comfort to our expeditionaries. We also take care of all meals and drinks during the trip, offering a balanced diet, exquisite, well prepared and, above all, taking care of the essential hygiene standards to avoid any inconvenience. We have measured our times and are rigorous with our schedules; this trip is a fascinating experience that requires great planning for it to be always a great success.

**Team:** We are a professional, experienced and multidisciplinary team, dedicated to creating unique experiences. We are fascinated by adventure, do not know of impossibles, are very passionate about customer service and love sharing what we know with others.

**Flexibility:** No matter where you are, you just need to get to Morocco with a carry-on bag and we will take care of the rest. We are motivated by the fact that you can join us and share this trip in a unique and spectacular environment. We will try to adapt to your special requests, whenever possible. Once registered, you will receive a list of what you should bring and recommendations on how to plan your trip.

**Comfort:** Being experts on trucks and camping experiences, we care to provide you with the best facilities and comfort possible. We think about everything: the gastronomic experience, clothing, accessories, etc. All framed in permanent security protocols, in order to facilitate the total enjoyment of the experience.

**Safety:** We are not a rally; we move at a safe pace marked only by ourselves. We are not competing; we are exploring and enjoying nature. That means we don’t force the vehicles and keep complicated maneuvers on the route under control.

**Unique Experience:** The Morocco Truck Expedition is a once-in-a-lifetime experience, limited to a very small number of people and not part of a tourist circuit. Our next expeditions include destinations such as Iceland, Lapland, Australia, Perú, Patagonia, South Africa and Alaska.
The definitive routes will depend on the hours of natural light, the weather and any other inconvenience that, due to the nature of the expedition, may arise. The route may be modified during the development of the expedition for any reason outside the organization control or not.
