

PAVILION

LOUNGE

PRODUCT INFORMATION

# STROHBOLD BENEFITS

## UNIQUE DESIGN

The wooden structure in paraboloid shape, combined with a translucent membrane, creates light-flooded and aesthetic spaces.

## PLEASANT INDOOR CLIMATE

The sophisticated geometry ensures airy feel-good temperatures in summer heat.

## USABLE ALL YEAR

Due to the closable membrane and with an infrared heating system, the rooms can be used all year round.

## CO2 NEUTRALITY

Our products not only look good, but are also good for the environment.

SUCCESS STORY: DÖRRWALDER MÜHLE

## PAVILLON 3 CONNECT

»A valuable way to offer large events all year round, regardless of the weather«

„The organic shape of the STROHBOID 3 Connect blends in beautifully with our historic mill ensemble. STROHBOID makes us independent of the weather and allows an unobstructed view of nature. Whether for weddings, events or meetings, the pavilion allows us to compensate for the pandemic restrictions in terms of distance and hygiene.

## 3D CONCEPT DEVELOPMENT

### PREVIEW WITH STROHBROID

We know how important it is to get an exact idea of how new ideas fit into an overall concept in advance. That's why we offer 3D visualizations that integrate STROHBROID into existing environments - real or virtual - just as you wish. In this way, you quickly obtain meaningful image studies and a first solid basis for decision-making in order to present your visions in a meaningful way.

Preview  
also as 3D video  
possible.
