AVANTGUARD

WHY USE US?

- Local, trusted and reliable
- Efficient and effective reporting
- Professionally trained officers
- Vetted and screened officers
- Full audit trail

We do more than just a drive by; our security patrols provide you with a highly effective visual deterrent. Working with you we ensure that we meet your requirements and provide security patrols that offer both benefit and value.

Our patrol officers use PDA workflow management systems that provide proof of presence, detailed incident reporting and risk management information. We are committed to ensuring that you receive a top class service.

SECURITY PATROLS

Internal and external patrols reduce the risk of unauthorised persons on your site reducing the likelihood of theft or vandalism.

Our patrol officers effectively patrol your property in order to identify security risks such as:

- Open doors and windows
- Signs of vandalism
- Trespass and fly-tipping
- Threats of fire or flood

LOCKDOWNS AND UNLOCKS

Our patrol officers can provide a reliable service to lock and unlock your premises.

We can also open up at short notice for lone workers, deliveries and contractors that need to be on site outside of normal hours

- Windows and doors secured
- Alarm set
- Barriers and gates closed

VACANT PROPERTY PATROLS

Regular property inspections are often an insurance requirement for vacant properties.

Our reports provide an audit trail and enable a proactive approach to the issues suffered by vacant properties such as:

- Trespass and squatting
- Vandalism and fly tipping
- Water Leaks and fire risks
- Maintenance issues

Avantguard Security holds SIA approved contractor status for the provision of security guarding, keyholding and alarm response.

GONE ARE THE DAYS OF PAPER SLIPS AS PROOF OF ATTENDANCE, OR STREAMS OF DATA THAT MAKE LITTLE SENSE.

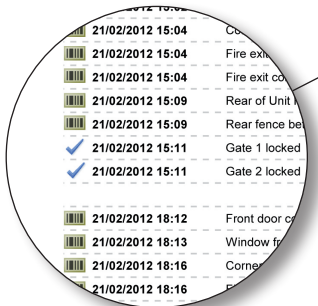

Through the use of 'leapfrog' technology, Avantguard provide modern security with modern reporting. Our clients have the benefit of clear and understandable

proof of presence and incident reports, with all historic data stored and available via a web portal. The best possible service backed by a full audit trail.

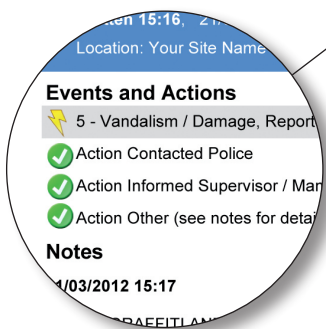

This valuable information ensures we identify reoccurring risk and can work with you to better protect your premises.

Barcodes are positioned at strategic locations to ensure these areas are checked by our patrol officers—report shows date and time of visit to the specified location.

Checkpoints give you assurance that important tasks are undertaken

We summarise security incidents and actions taken. This is easy for you to read and our systems store this as statistical data for easy analysis via the client web portal
