

Jake & Mir

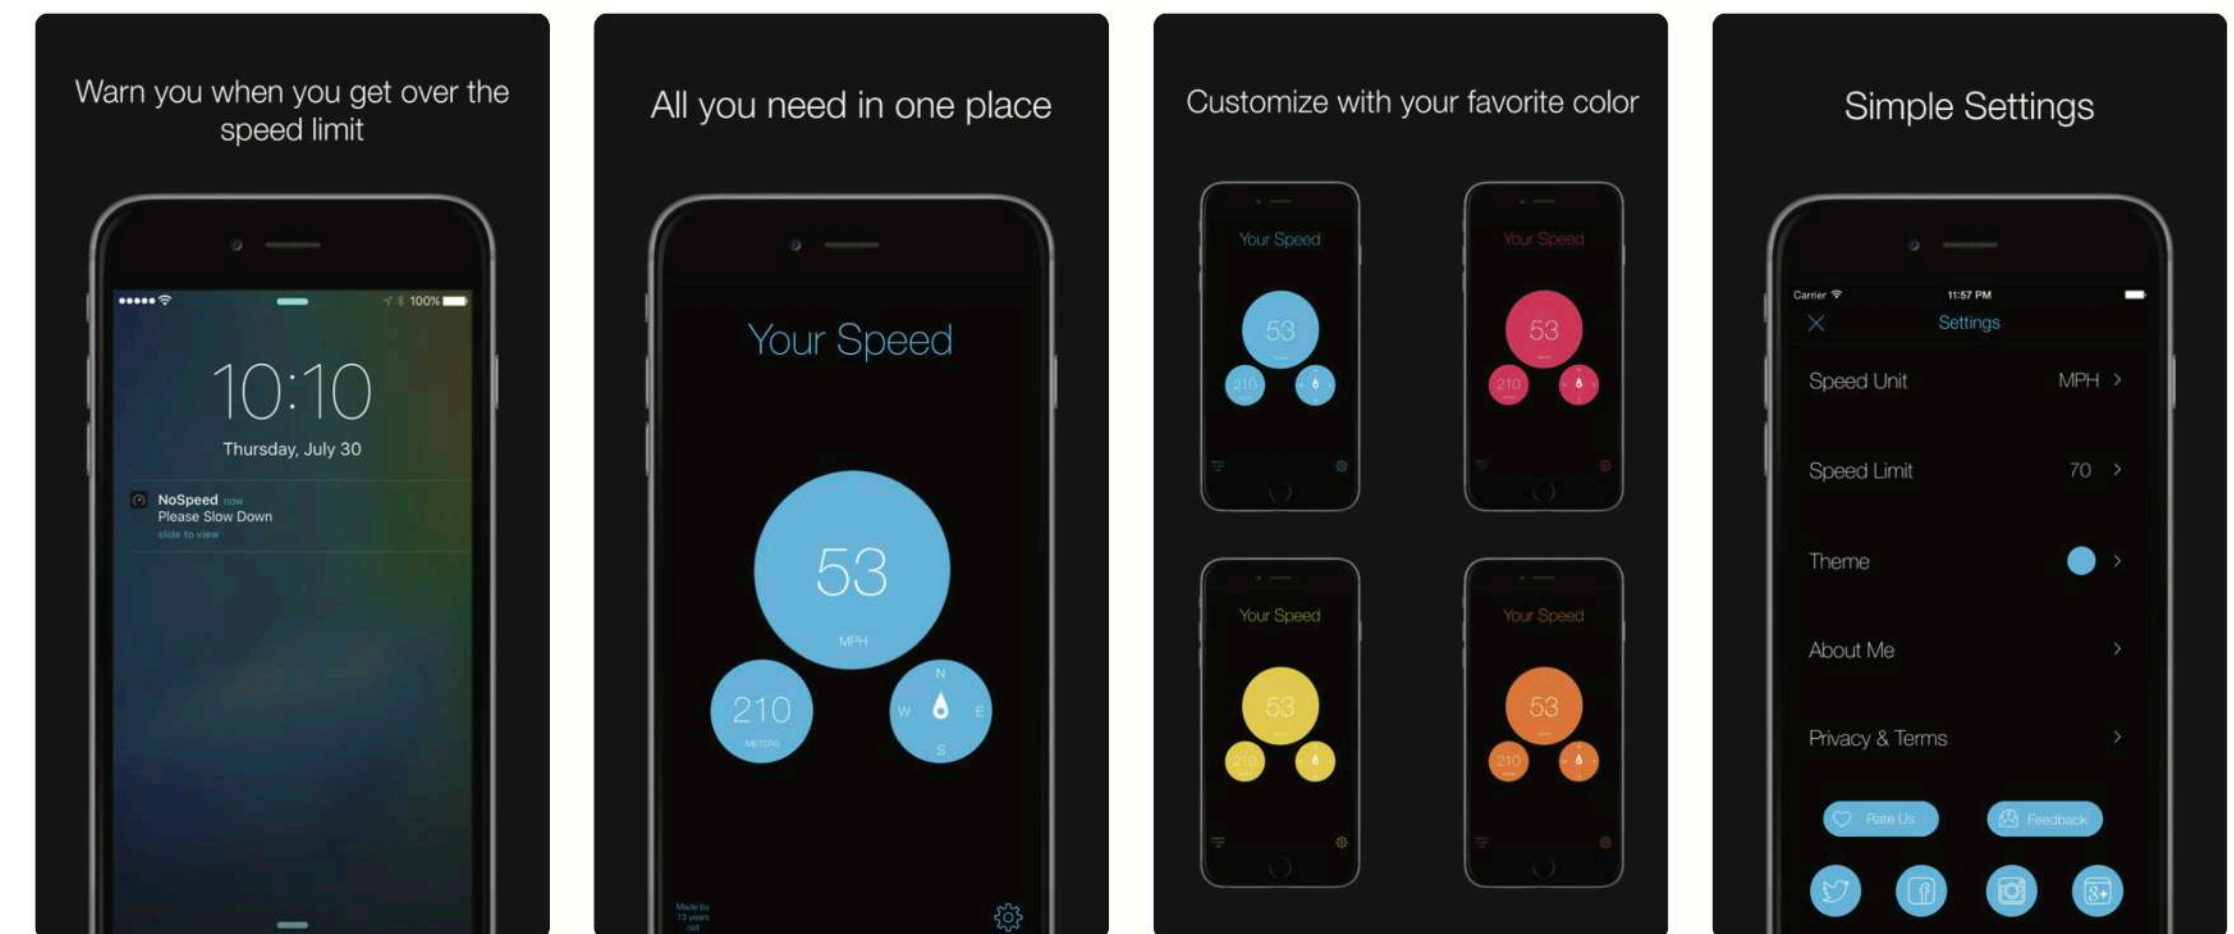

**Entrepreneur, App Developer &
Designer**

Started coding at 11 years old and was presumably the youngest Arab App Developer

Emoji Escape & Emoji go were the num 1 apps on the Lebanese App Store.

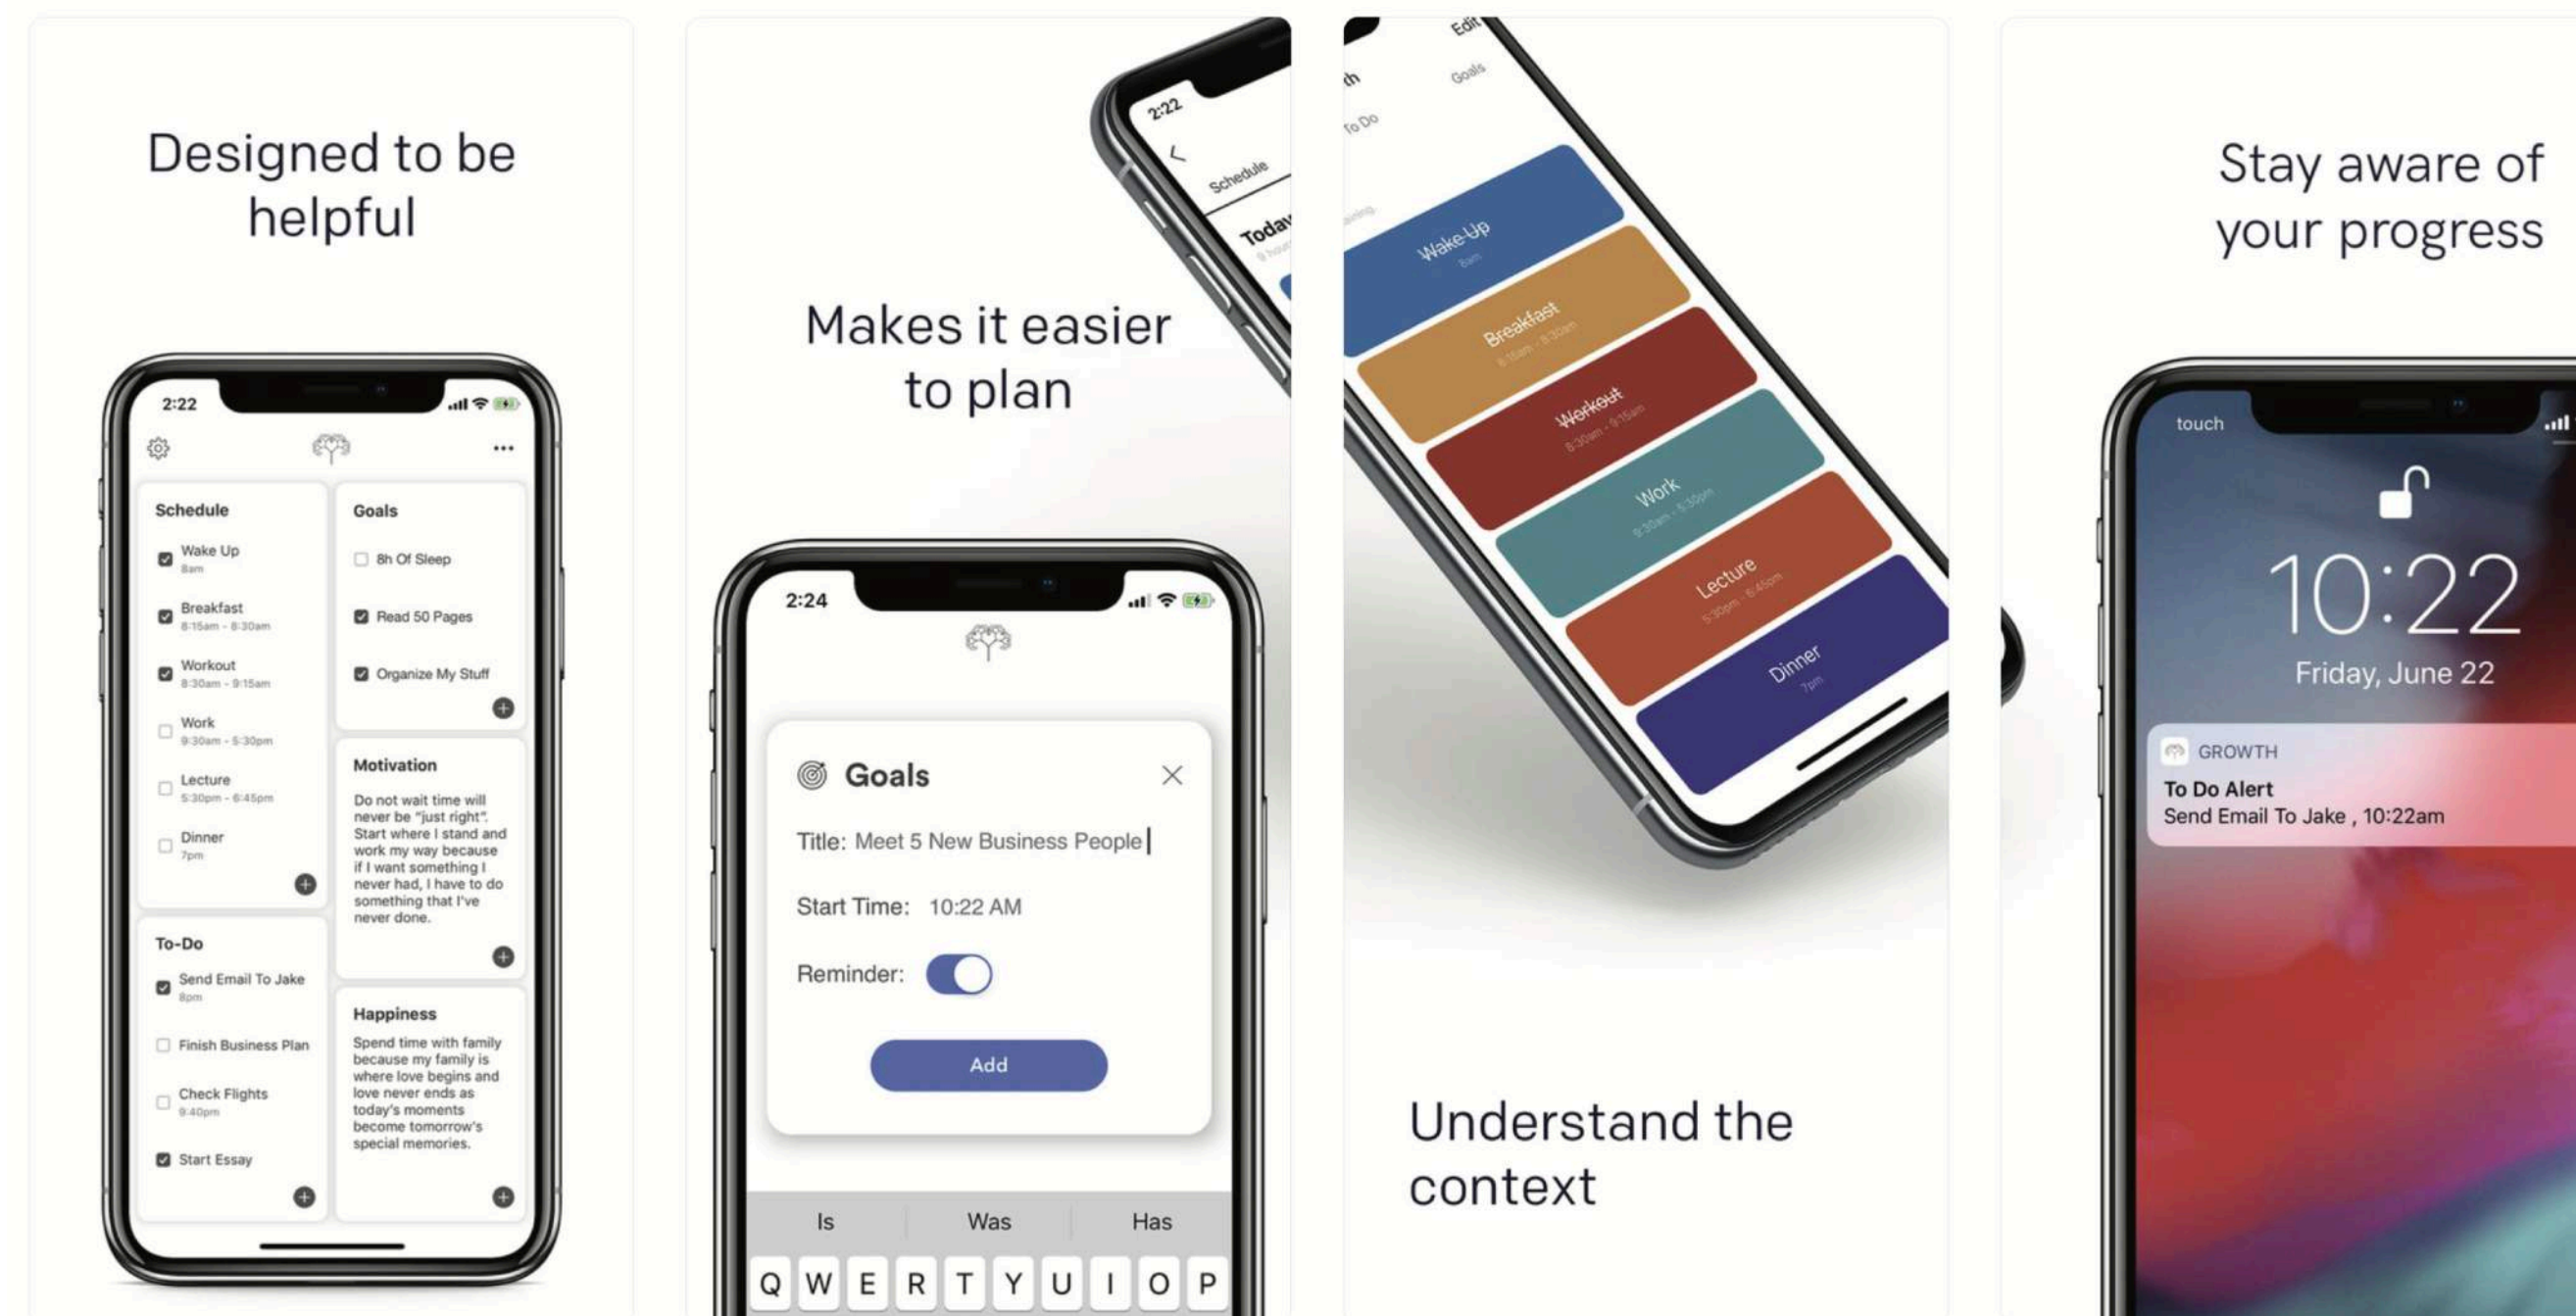

Created NoSpeed to avoid car speeding

Viral Video: 500,000 Views
Yasa For Road Safety

NoSpeed helped people to avoid exceeding the speed limit and “helped to save people lives around the world” a quote by France 24. NoSpeed appeared on more than 25 TVs and publications. It hit the Number 1 place on the Apple App Store Top Chart for more than 2 weeks

More than 25 top charts apps

I have been developing apps for more than 9 years and have over 25 apps available on the App Store that hit the US Top Chart multiple times.

Won the Apple WWDC Scholarship Award

This is a competition by Apple where they chose the best 350 apps worldwide. I was the youngest participant at the time to have won the award and to this day the youngest Arab to have won the award. At the WWDC I met the top executive at Apple like Tim Cook (CEO) & Craig Federighi (VP Software Engineering).

Won the App Golden Award

14th Pan Arab Awards Academy. Dubai, United Arab Emirates.

Won the Dubai Youth and Innovation Award and received a Certificate of Excellence.
