771	Aviation , a rare piece of aviation history. A fragment of the original Cody's Tree with certificate of authenticity. Samuel Franklin Cody (1867-1913) was the UK's pioneer aviator and would picket his aircraft to a tree in order to measure the thrust of his engines. By 1959 the tree was in poor condition and removed, this being a piece of that tree. The RAE apprentices cast an exact replica in aluminium which still stands in place today.	£60-100 (plus BP*)
772	Aviation , a scarce archive of approx. 110 aerial and other photographs (various sizes) taken under the auspices of The Farnborough School of Photography (now at RAF Cosford), mostly between 1916-1918. The school was founded by the Royal Flying Corps in 1915 and were responsible for the development of aerial photography using special equipment attached to the fuselage of biplanes (see photos). These photos show the techniques and equipment used, aerial views of army camps, aircraft in flight and many WWI views of bomb damage etc, in Europe and the Middle East. Photographic reconnaissance was thus proven to the sceptics in High Command and provided an accurate intelligence gathering which subsequently reduced battle casualties. There are also 14 photos of the type of aircraft used, accompanied by annotated notes on the aircraft specifications. Viewing recommended (mainly gd)	£250-350 (plus BP*)

Lot	Description	Estimate
