

## HOLY TRINITY LOS ANGELES

To My Holy Trinity Family:

Let us Pray now more than ever for our world! Trust in Jesus and let him be your guide. For those of you that were at mass this past Sunday, thank you so much for coming. Your presence was truly inspiring to me and the other priests. I was glad that many of you watched the mass from the internet. Our attendance was very low this past Sunday, but it was nice to see so many people watching from home.

I do not know when our parish office will reopen. Everything is day by day right now. We are living in the unknown right now as many of you are. Please check our webpage and social media platforms daily. That is the quickest way that we will keep you informed. Please know that I am in constant communication with the Archdiocese of Los Angeles and of course our local government agencies. As soon as I know, I will let you all know as soon as I can.

If you are not able to make it to mass, please know that we will be broadcasting the 10:30am Sunday Mass on our facebook page. Please consider online giving or drop your envelope off in the rectory mailbox if you can. Thank you for helping us pay our bills right now. May God reward you.

I encourage all of you now more than ever to pray the rosary daily. We need the powerful intercession of our Blessed Virgin Mary. She is our advocate and our counsel. Pray the rosary as a family!

The Chaplet of the Divine Mercy as well is needed so desperately. Come to adoration right now. In moments of tribulation, trust in Jesus. He alone will give you the peace that right now that you need. This will soon be over, God willing. Life is a precious gift from God. Treasure your life! Choose to live every day! You are all in my thoughts. If you need to talk to someone

In Christ,

**Fr. Ricardo**

**DID YOU KNOW?**

Trained adults can take steps to prevent suspicion. The Protecting God's Children program is in place to raise awareness about behaviors of adults that may indicate a threat to the safety of children and young people. Through this program, trained adults learn how to prevent abuse from happening, in part by taking steps to eliminate suspicious behaviors, such as being alone with a young person. Creating a culture of openness and transparency goes a long way towards alleviating concerns of inappropriate behavior by adults, and helps children feel safe in their environment.
