DID YOU KNOW?

Trained adults can take steps to prevent suspicion. The Protecting God’s Children program is in place to raise awareness about behaviors of adults that may indicate a threat to the safety of children and young people. Through this program, trained adults learn how to prevent abuse from happening, in part by taking steps to eliminate suspicious behaviors, such as being alone with a young person. Creating a culture of openness and transparency goes a long way towards alleviating concerns of inappropriate behavior by adults, and helps children feel safe in their environment.
