

# Living Wage Required in Florida

WFLA TV, 17 April 2024.

According to MIT's living wage calculator, the required annual income before taxes for a single adult in Florida is \$46,645 or \$22.43 an hour.

A single adult with one child will need to make at least \$77,515 a year, the tool showed.

If you want to maintain a "comfortable lifestyle," a study from SmartAsset showed that a single working adult in Florida would need to double their income and make \$44.86 an hour or \$93,309 a year.
