

UPDATE ON COVID PRECAUTIONS EFFECTIVE TUESDAY AUGUST 3, 2021

In response to the rising cases of COVID, the Town of Amite City will be taking the following precautions for our staff, as well as our citizens:

City Hall will be open from 8:00 am – 4:00 pm, with limited contact. We are asking that utility customers please utilize either the drop box on the door or our online portal for payments at www.townofamitecity.com to pay water bills.

Any customers paying with cash will either need to bring the exact amount or if they bring in more than the amount due, the difference will be credited to their next water bill.

Also, if you require new service, permits of any type, or any assistance that requires speaking with a City Hall Staff member please call (985) 748-8761 and someone will be happy to help you.

Our Water & Street Departments will remain in full operation to avoid any interruption in service to the town.

The Police Department will remain in full operation.

As information becomes available to our office, precautions may change.

Thank you,
Mayor Walter Daniels III and the City Hall Staff
