Private Courses Are Available As Well!

Commonly Asked

- **Do I need a medical clearance from my doctor prior to the course starting?**
 - When you sign up for a class our staff will have you read through the medical form to see if you need clearance from your doctor. This questionnaire helps to ensure the safety of you and others, The medical form instructions explain when a physician approval is necessary. See a staff member or visit our website www.scubaquest.com to get the form.
- **What do I need to have for the class, what do you provide?**
 - Your personal gear required for class includes Mask, Fins, Snorkel, Weight Belt, Weights, and Surface Marker Buoy. We have all of these things for sale at the store. You're welcome to bring outside gear; but one of our instructors will need to check to make sure it's adequate for scuba diving use. We do not rent this gear as proper fit is very important for safety and enjoyment of the dive.
 - We provide the BCD, Regulators, Tanks, Dive Computer, and Wetsuits as rental during your class. In addition to the eLearning Course, classroom, pool, and boat dives.
 - Do not forget towels, sunscreen, snacks and plenty of water to stay hydrated.
- **What is the course schedule and activities?**
 - Prior to the start of your course we require you to complete the NAUI Scuba Diver eLearning prior to starting the classroom and pool sessions. Instructions and the sign up code will be provided once you pay for and choose a course. This eLearning course allows us to shorten the classroom time and extend the pool time by having to focus only on key information. The first day of the course normally consists of paperwork and classroom lecture. After that you will have both pool and classroom sessions, the exact schedule will be provided prior to the first day of class. During the pool sessions you will learn emergency and practical skills to make you an effective and safe diver. The classroom sessions covers theory, physics, physiology and dive planning.
 - After you complete the pool and classroom sessions you will complete two days of diving. Your four required training dives may be at the beach, lake Denton, the springs, or a USCG Inspected Dive Boat. The cost of the boat is included, but tips for the boat crew is highly encouraged.
 - In the case of unsafe conditions we will either reschedule the dives or divert to another dive location.
- **Why NAUI?**
 - There is no difference among agencies, all agencies follow the same standards, the quality of your course comes down to the Instructor, and Scuba Quest has the BEST! Certifications from all agencies are interchangeable.
 - No matter where you travel your NAUI Certification will be accepted.
- **What's next after my Scuba Diver Certification?**
 - With 71% of the earth covered by water the possibilities are endless! What ever you desire from photography to technical diving we have you covered at Scuba Quest!
 - Nitrox is **HIGHLY** recommend to add to your Scuba Certification, Stay Down Longer and Dive Safer!
