

NYS CREA LEARNING SESSION

March 20, 2024 1:00-3:00 pm

Session 1: NYS Blue Ribbon Commission on Graduation Measures Recommendations and Their Effect on Work-Based Learning 1:00 - 2:00

New York State has taken a major step forward by creating the Blue Ribbon Commission on Graduation Measures. The recommendations of this diverse group of stakeholders will have a significant impact on Career & Technical Education and Work Based Learning. Being well-positioned to respond to these recommendations will provide the best possible opportunities for our young people.

Join NYS's Director of Career Readiness & Partnerships, Amy Cox, for a synopsis of the commission's work and insight into how Administrators, Career & Technical Educators, and Work Based Learning Coordinators can get ahead of the curve around this exciting initiative!

Session 2: Expand Your WBL Horizons: Work-Based Learning from a National Perspective 2:00 - 3:00

Work-based learning is having a significant impact on secondary education across the country. With a focus on ALL young people being prepared for both college and careers, it is understandable as to why. The changing paradigm suggests that partnering with industry/community members is a win-win for all stakeholders and can have a significant impact on communities. The Association for Career & Technical Education's (ACTE) Work Based Learning Division has been their fastest growing membership cohort. This growth is fueled by a strong Policy Committee led by division Vice President Jan Jardine. Jan will provide an overview of work-based learning from a national perspective and share resources from both ACTE and other states.

Amy Cox

Director of Career Readiness & Workforce Partnerships
New York State Education Department
Career and Technical Education Team

Jan Jardine

ACTE WBL Division President
Provo CAPS Director & District WBL Coordinator
Provo, Utah

1:00 PM | Thursday, March 20, 2024
