- Agree but must be as effective as disposable or better

It is critical that masks used at work have been accredited as being effective

- As a front line medic I need PPE that works to protect patients and my own health. Ideally with minimal environmental impact but safety my main concern

I am happy to be responsible for my own reusable PPE and wash it at home

- I have spoken to our IPAC team about this. It is deemed to be considered no different than resting your face on pillows on a hospital bed.

There is plenty of space to put containers for depositing used PPE in my workplace
