The Bernoulli-IMS 11th World Congress in Probability and Statistics will be held from 12 to 16 August 2024 on the campus of Ruhr University Bochum, Germany. The World Congress will be the major international conference in the area of Probability and Statistics in 2024, where scientists from around the globe will gather to exchange ideas and to present the results of their most recent research. For more details on the programme, please visit the conference website https://www.bernoulli-ims-worldcongress2024.org/

In addition to the invited part of the scientific program, the World Congress will offer ample opportunity for the participants to present the results of their research work. At this point, we invite researchers to submit abstracts for contributed talks, posters, and organized contributed paper sessions.

**Contributed Talks:** The contributed talks will be presented in parallel sessions of 4 talks each, with 20 minutes per talk, followed by 5 minutes discussion time.

**Posters:** Posters will be on display for the entire duration of the conference. We will allocate special time slots as poster sessions, when the authors are expected to be present at their posters. Authors of posters are encouraged to prepare a short teaser video (3 minute maximum) on the contents of their poster. These videos will be available on the conference website.

**Organized Contributed Paper Sessions:** Researchers are encouraged to submit proposals for organized contributed paper sessions, devoted to a topic of strong current research interest. Organized contributed paper sessions will have four talks of 20 minutes, followed by a 5 minute discussion. Proposals should contain the names of the 4 speakers together with a short abstract outlining the topic of the session. Before submission of the proposal, the potential speakers should be contacted, and they should have agreed to present a talk in the proposed session.

**Deadlines and Decisions:**

- Abstracts for contributed talks and posters: 15 February 2024  
  (Decision before 31 March 2024)
- Proposals for organized contributed paper sessions: 30 November 2023  
  (Decision before 15 December 2023)
- Registration of speakers/presenters of contributed talks/posters: 30 April 2024
