CHAIRMAN'S REPORT

Happy New Year to all.

In my first Chairman's Report, having taken over from Johnny McIntyre halfway through the season, I would like to personally thank all clubs, grounds, and reps for their input to the success of SCTA during 2023. Without your dedication and professionalism, we wouldn't have had such a great year. I hope we can build upon the good relationships formed throughout 2024 and look forward to encouraging more shooters to take up the sport.

I am always available to help any members or grounds if in need of any support or guidance in any shooting related matters.

There is a wealth of experience on the Board who can offer advice on ground safety issues, specific discipline events, organising and taking part in competition shoots, or indeed any shooting matters which might arise unexpectedly. Please do not hesitate to contact us if you need any assistance or advice.

I'm pleased to report we will have a new ground operating in 2024, Finnie Clay Events, managed by Jim Finnie. We welcome Jim to the Association, and I trust all members will help and support him to get his ground up and running.

We have had some great results this season, including the Sporting Team winning Bronze at the Worlds and the DTL Senior Team winning the Bywell Cup beating the England senior team.

Congratulations to both teams. We hope all of our teams and members do well this upcoming season.

We also look forward to hosting the Sporting and Olympic Trap Home Internationals during 2024.

I look forward to visiting more shoots and grounds during the season, and hopefully meeting as many of you as possible in the course of my visits.

Finally, may I wish all our members and grounds a successful 2024/25.

All the best,

Davie Collins

ABT Report

By Ewen Johnson- Discipline Representative

A huge thanks to all the shooters who supported ABT in 2023 and it's great to have Calum Corse onboard as team manager. After a year of selection shoots the Scottish Championship was held at the National Shooting Centre and after with the ABT team finalised we were heading to the Bywell Shooting Ground the following month for the 48th ABT Home International.

We had a number of new caps which was great to see but congratulations must go to new cap and also Team Captain Mark Shone for winning High Gun, Senior High Gun of Scotland and New Cap High gun of the Match after a very nice 25 straight in the shoot off. Congratulations must also go to new cap Paul Chapman, Senior Runner Up, Alan Clouston, Veteran High Gun, Hugh Pinkerton, Super Veteran High Gun and Lady High Gun Allison Brown.

I would personally like to thank all the shooters who took the time to travel and compete in selection shoots, area championships, the Scottish Grand Prix and Scottish Championship, thanks to you all and congratulations to Cameron Hay on winning the Scottish Championship and to all the other category winners.

I'm sure we're all looking forward to 2024, let's make it a good year and I look forward to meeting you all at a shoot somewhere soon.

LEVY & MØRAE

We are one of the leading firearms specialist law firms in the UK and advise on the following:

- Firearms and shotgun appeals (revocations and refusals)
- Recovery of weapons seized by police
- Air rifle legislation and changes
- How to handle (and representation at) meetings with Firearms Licensing Depts.
- Prosecutions and police investigations (which can lead to seizure of weapons)
- Advice on all aspects of the Firearms Act 1968
- Application forms and the importance of accuracy

We are delighted to represent SCTA members.

We act for the majority of sporting organisations throughout Scotland and many sporting estates. We have vast experience of firearms cases, which we advise on daily.

We offer all members FREE INITIAL TELEPHONE ADVICE on any firearms matter, including any police investigation and whether directly related or not.

We offer members and their families special reduced rates for all other legal work which we cover. This includes property transactions, wills and executries, criminal defence including road traffic charges, matrimonial and family disputes, employment advice, general commercial advice and disputes including debt recovery

Please call us for help at any time. We operate on a 24/7 basis.

David McKie	07711 302100
Callum Anderson	07779 622654
Office	0141 307 2311 (Monday to Friday 8.30-5.30)

Administrator's Report

Well 2023 went by in a flash!

I tried to get around as many grounds and speak to as many of you as possible.

A quick trip overseas in July to Crossmore, Ireland where I had the pleasure of managing the DTL team for the HCIT, BO and Europeans. We had Scots on the podium at all events, PB's for several members and even some Sunshine.

In September we hosted the 48th Home International ABT and British Open at Bywell Shooting Ground. Despite some impressively bad weather on the day of the BO the whole weekend ran well and we took home plenty of silverware. This year we are looking forward to hosting both the NSP and the OTR Home Internationals at the National Shooting Centre and welcoming the other Home Countries to these events.

My thanks as ever go to all the discipline reps and board members for all their work through the year. We have a new Chairman in Davie Collins so hopefully that will provide some longer-term stability to the board and the association. My thanks to him for still answering my numerous phone calls!

I hope to catch up with lots of you over the season. Shoot safe and well and I wish all of those going for team selection the best of luck.

Pip

SCTA Administrator/Director

The administrator role is a part time position and as much as I'd like to answer every call first time it's just not always feasible. If you have any queries, please do leave me a message, send me an email or a text and I will get back to you as soon as I can.

Administrator's Contact Details:

You will be automatically eligible for any prizes and trophies in the category and class you have entered. You will still be eligible for the main competition trophies and prize monies in addition to any trophy for which you may be eligible in your category. You will be required to insure any trophies won and are bound to return them to the SCTA prior to the next year's Championship. Due to the SCTA having no Colts category under 16's are eligible for both Colt and Junior trophies.

Entries will be **taken on the day** at all Scottish Championships; however, once the allocation of places has been filled **entries will be closed, this may be before the day of the Championship**. You are advised to pre-enter to ensure that you are allowed to compete. Entry should be made by email to the host ground. Email addresses of host grounds can be found at the back of the bulletin.

Scottish Team Selection Procedure

It is the policy of the SCTA to promote a performance-based selection procedure. Everyone who competes in a selection shoot is a potential team member. There is no requirement to submit a team selection form for any discipline.

Shooters scores and ranking place will be shown in the SCTA database Team Selection table for the relevant discipline. A marked-up points system will be used for the Sporting discipline. Providing shooters satisfy all selection criteria and general conditions decided by the Management Board of the SCTA or a properly constituted Selection Committee they will be considered for Selection.

It is the shooter's responsibility to ensure they comply with the General conditions of eligibility and eligible scores and all other requirements as laid down by the SCTA.

General conditions

If a shooter does not have enough scores they will not qualify. If a shooter does not have an area championship score, they will not qualify. If a shooter does not compete in the relevant Scottish Championship they will not qualify. If a shooter does not want to be considered for team selection, they should inform the relevant discipline representative. Members must abide by all discipline specific rules.

The Management Board's decision is final in all selection matters as detailed in section 3 and 4 of the By-laws.

Membership and Eligibility for Team Selection:

Only fully paid up members of the SCTA are eligible for Team places. Membership starts on the 5th January, and membership renewal should be paid before that date. For existing or lapsed members their membership renewal must be received before the 1st March of the current year for the shooter to be eligible for selection. Membership renewal payments will be accepted up until the 1st March, however scores from selection shoots after the 31st December till the date the membership fee is paid will not count towards team selection.

New members may join the SCTA at any time during the year and if they comply with all other requirements, they will be eligible for Scottish Team selection.

The Management Board reserve the right to refuse a team place to any member who, by previous conduct, is considered by the board to be unsuitable to represent Scotland. The Management Board also reserve the right to select shooters by invitation to make teams up to full numbers or as near as possible full numbers, on recommendation of the relevant discipline selection committee. A discipline selection committee should consist of Management Board members, discipline representatives, team managers, and if possible, team Captains.

International team Dress Code:

Shooting in practice or at the international event, you are required to wear a Scotland Shooting vest. Other than the jacket manufacturer's, the only badges allowed are your name above the breast pocket, a Scotland Team badge on the breast pocket, discipline flashes and year flashes. A blue or white Scotland Shooting Team polo shirt will be required as advised by the team manager, depending on how many days the international is shot over.

ISSF disciplines must comply with the ISSF clothing rules applying at the time.

Trousers, tailored shorts or a Kilt can be worn while shooting but in the case of the latter it must be worn with the correct accompanying accessories. A shirt or jersey with long or short sleeves, not sleeveless and a normal shooting hat. Hearing and eye protection **MUST** be worn.

For the Team photographs and prize giving banquet, dark blue blazer with Scotland blazer badge, grey trousers, dark socks, black shoes, plain white shirt with a Scotland Team member tie. Ladies may opt for either a grey or tartan skirt or grey trousers, variances in tartans are acceptable. Ladies may wear a Scotland team member cravat.

New caps will receive a subsidy of £50 towards their first Scotland shooting jacket on application in writing to the Association Treasurer. No patterned camouflage wear or equipment of any sort is permitted. The SCTA has a range of clothing available to order from a link on the website.

Banquet Guests

Banquet guests of team members are required to adhere to a semi-formal dress code.

Home International Team Sizes:

DOWN THE LINE

20 Seniors, 5 Ladies, 5 Juniors, 5 Veterans, and 5 Super Veterans

OLYMPIC SKEET

9 Seniors, 2 Ladies, 2 Juniors, 2 Veterans, and 2 Super Veterans

FITASC SPORTING

9 Seniors, 2 Ladies, 2 Juniors, 2 Veterans, and 2 Super Veterans

Scottish Team Categories

If a shooter does not wish to compete in their default category, then they must inform the discipline rep/administrator in writing one month **before** the Scottish Championship, which category they wish to be considered for. It is the responsibility of the shooter to advise any requested change in category. If no request has been made the default categories will be applied.

For example, a Lady can opt to shoot in the senior team, a Lady Junior may opt to shoot in the Junior and not Lady category, a Veteran may opt to shoot in the Senior category etc., The relevant number of qualifying scores for that category **must** be attained to be considered.

Once this choice has been made, that shooter will be judged against the other competitors in

that category for a team place. If that shooter does not qualify in the chosen category, then that shooter MAY be offered a different category place if there is a place available and their scores qualify them.

Senior (OPEN) teams. There are no gender rules or age limits on shooters for the Senior (Open) Team.

Junior teams. A member must be **under the age of 21 on the 1st January** in the year of the International to qualify as a Junior. Proof of age is required; other age restrictions apply for Eire and Northern Ireland.

Veteran teams. A member must be **over the age of 55 on 1st January** in the year of the international to qualify as a Veteran. Proof of age required.

Super Veterans Team: A member must be **over the age of 65 on 1st January** in the year of the international to qualify as a Super Veteran. Proof of age required.

Ladies Teams.

To qualify for the Ladies category a person must be of female gender at birth or be a male to female transsexual. Individuals who have undergone gender reassignment after puberty are eligible for participation in their acquired gender providing that they have lived fully in the acquired gender for at least two years. The individual will be required to provide original documentation or certified copies to be held by the SCTA of the following:

A. Written confirmation from the individual's GP that all required surgical anatomical changes have been completed two years prior to the application and that hormonal therapy has been administered for a sufficient length of time to minimise any gender related advantages whilst clay target shooting. **B.** The Gender Recognition Certificate. **C.** The revised Birth Certificate if available.

The above requirements are in accordance with the policy on transsexual competitors issued by the International Olympic Committee and also conform with the recommendations set out in the UK Sport guidance booklet "Transsexual People and Sport" published by the Department for Culture, Media and Sport.

Eligibility

To be eligible for the Scottish team each member must comply with at least one of the following criteria:

- i.) Having been born in Scotland.
- ii.) For a parent or grandparent to be, or have been, a Scottish national.
- iii.) To be married to a Scottish national.
- iv.) Having been officially resident in Scotland for a minimum continual period of one year prior to qualification.

Ties for team places

Ties for team and reserve positions will be resolved by a shoot-off under the relevant discipline rules at the relevant Scottish Championship. Any shoot-off for these places must take place as soon as the results are known.

Team Manager

The position of team manager will be decided by the board. Should you be interested in the role of team manager for any of the disciplines please register your interest with the administrator before 1st March.

Team Captain.

The position of Captain of each Scottish Team will be offered to the team member with the highest score following the completion of the selection procedure (scores for competitions of more than 100 targets will be averaged). Should the shooter decline, it will be offered to the next eligible shooter until the vacancy is filled.

Any ties will be decided by a shoot-off in accordance with the rules applying to team places as previously outlined.

In order to be eligible for Team Captain, shooters must be a minimum of 18 years of age on the 1st of January of the year of the Home International and have previously represented Scotland.

DTL World Selection

Members with the highest score over three out of four DTL area championships will be invited to represent Scotland in the 2024 Worlds DTL Team. Standard team expenses will be paid for two Senior Teams, and three of each other category. Entry fees to the Worlds are the responsibility of the competitor.

DTL Captain(s)

The Overall Scottish Team Captain will be the Captain of the Senior Team. The Overall DTL Captaincy will be awarded on a cap basis. Members do not accrue caps for overall DTL Captain until they reach the age of 21. Should the shooter decline, it will be offered to the next eligible shooter until the vacancy is filled.

Scores from other ICTSC affiliated bodies and Events outside Scotland:

Members may take a maximum of **two** scores from other ICTSC affiliated bodies for Team Selection.

Members may take **one** score from a **registered** shoot from other ICTSC affiliated bodies for Team Selection. The registered shoot must be a minimum of 100 targets. Scores should be available in the public domain and sent to the administrator within 21 days of the competition.

Members may take up to **two** scores from a **GB Selection Shoot, Grand Prix, British Open, Home Country Championship (not Home International) or from a selection shoot** held by any recognised clay target governing body. These shoots should be open and not invitation only. If a member takes two shoots from the list above, they are **not** eligible to also take a score from a registered shoot. If a member is unsure if a score qualifies then they should contact the Administrator for confirmation.

It will be the responsibility of the competitor to provide the Association via the administrator or discipline rep proof of their score achieved at such an event along with (in the case of Sporting) the winner's score, this can be in paper form verified by an official from the host ground or association or in electronic form provided the results of the competition are in the public domain (i.e., website or internet). The results can be posted by surface mail or by e-mail but must be received by the administrator within 21 days.

Penrith Gun Club has not affiliated to the SCTA for 24-25. Scores from Penrith can now only be used for selection using the above rules.

Carry forward scores: A maximum of 2 scores can be carried forward from shoots held between the Scottish Championship in the preceding year and 31st December. Otherwise, all the required scores must be obtained between 1st January and before the allotted cutoff date before the relevant Scottish Championship, (see membership and eligibility) this being the end of the open selection period. Where scores are obtained from a 2-day shoot of 200 targets or more, which takes place between the Scottish Championship and 31st December in the preceding year then no further scores may be carried forward.

Members who are Permanently Resident Out with Scotland (MPROS): An MPROS may use a maximum of 3 scores from registered or selection shoots obtained from at least 2 different grounds in their country of residence. (If such scores are used then rules outlined above apply) Failing this the scores in question will be disregarded. MPROS must use a SCTA membership number at shoots out with Scotland if they intend the score to be used for team selection. An MPROS member must shoot one area championship as part of their selection score. Although ineligible to take area champion they may win high gun. MPROS do not have a designated Scottish area allocated to them and their membership card will reflect this as 'O'.

2 Day shoots: Where a shoot is held over 2 days, the 2 days scores cannot be split if a competitor completes both days. If for any reason a competitor only completes 1 day, then the first day CANNOT be used but the second day CAN be used. Where a 2-day shoot is of less than 200 targets (e.g., Olympic disciplines) the calculated percentage score will be used.)

Scottish Championship

Members must compete in and complete the requisite number of shoots, including the relevant Scottish Championship. If the Scottish Championship is a 2-day competition, then all categories must compete and complete in both days competition.

Area Championships

At least 1 (one) Area Championship/Mainland Compulsory MUST be included in the required number of shoots. This applies to all disciplines and all categories i.e., Senior, Lady, Junior, Veteran and Super Veteran.

COMPULSORY AREA CHAMPIONSHIPS EXPLAINED

As a part of the Scottish Team Selection Procedure shooters are required to shoot in at least one compulsory Area Championship. Once a compulsory shoot score has been obtained this will be reflected in our database, for team league placement the highest score attained at an Area Championship will be used for team ranking, any other Area Championship score attained will still be used for Team selection, but these scores will become ordinary selection scores.

In addition to the four normal Area Championships the Management Board of the SCTA felt it was necessary to accommodate those members who live on the outlying Islands to stay engaged in the team selection process without the need to travel to the mainland on a certain date and as such we have provided these clubs the opportunity to hold one (1) Island Compulsory shoot in each discipline.

All SCTA members can shoot at an Island compulsory shoot, but their score will be classed as

an ordinary selection shoot. Only an Islander may use their score as a compulsory Area shoot. This ensures that everyone can only gain a benefit from an equal number of area compulsories. If an island resident shoots both a compulsory Island shoot and a mainland Area Championship only the score from the Island compulsory shoot can be used as a team ranking score although the score from the Mainland Area can still be used as an ordinary selection score.

Dispensation

The requirement to compete in the relevant Scottish Championship may be waived at the discretion of the Management Board on receipt of a request in writing at least 14 days prior to the Championship (unless circumstances prevent this). This dispensation will only be granted after consideration by the Management Board for occasions such as a family bereavement, or if they have been selected to shoot in a clashing International, or if they are representing GB in a team event, or on production of a medical certificate, or other extenuating circumstances.

The board reserves the right to request proof of extenuating circumstances. Should a dispensation be granted the shooter will have to shoot a nominated competition as an alternative Championship and have the score witnessed. The nominated competition will be subject to prior SCTA Management Board approval.

Team Expenses

For Home Internationals on the British Mainland £100. For Ireland, Channel Islands £150.

Number of scores required (not including Scottish Championship)

Discipline	Seniors	Ladies	Juniors	Veterans	Super Veterans
ALL	5	5	5	5	5

Number of shoots from any One Ground:

ABT, OT, OS, NSK- disciplines and all categories a maximum of 3 (three) scores from any one ground.

DTL, FITASC- disciplines a maximum of 2 (two) scores from any one ground.

NSP- Five scores from five different grounds, one to be an area championship. Members can carry one score and one area championship from the same ground.

Prize Money

At all SCTA shoots the organiser must clearly display both the entry fee for Birds only and Prize money entry. The amount of money paid out per shooter should be equal to the difference between the two entry fees.

Prize money, having allowed for any payment to the High Gun, should be paid out to the classes from which it is collected. Prize money for selection shoots is £5, £1 to HG and £4 to class prizes.

A copy of the distribution of prize monies must be posted on or near the scoreboard before the completion of the day's competition. Birds only entries are eligible to win area championship badges.

Classification System Explained

Classifications are calculated and issued/reissued twice a year. New issues come into effect on the 1st of June and the 1st of December. Issue 74 will come into place on 1st June with scores from 01/05/2023-30/04/2024 included in this issue. The SCTA uses the same percentage cut-off points as the CPSA.

The SCTA uses one score in the time period to move up a class and three scores in the time period to move down a class as minimums. If a member hasn't shot more than three registered shoots in any one discipline then their classification will stay the same although their percentage may drop.

When a member has done multiple shoots in the time period the draft also takes into account raw averages and adjusted averages. The adjusted average drops any wayward scores. Any scores 10% (5% for DTL and NSK) below your raw average are discarded and a new average is calculated based on the remaining scores.

Scratching

Whilst the SCTA board appreciates there are times when a member may not be able to complete a competition, scratching is discouraged.

More than two scratched scores in any one classification period may result in a members highest selection score for that period being discounted from selection.

SGC Certificate

Except for Junior members not yet in possession of a Shotgun Certificate all members competing in Scottish Championships should be prepared to produce their SGC at the request of the ground/administrator.

Social Media / Cyber Bullying Policy

The purpose of this policy is to provide guidelines for the protection of the health, safety and well-being of all members of the Governing Bodies constituting the ICTSC (CPSA, ICPSA, SCTA, UCPSA and WCTA) and all those who participate in the activities organised by these bodies.

1. Social media, for the purpose of this policy, should broadly be understood to include, but not confined to, Facebook, Twitter, blogs, chat rooms, electronic newsletters, message boards, microblogs, online forums, wikis, and other social networking sites and services that permit users to share information with others in a contemporaneous manner.
2. Social media in all its forms is now so easily accessible the opportunity to both post and receive improper comments and statements has dramatically increased. Bullying and harassment in all forms is considered by the ICTSC to be unacceptable.
3. Messages or statements made using social media are often instantaneous and, whilst a useful medium to promote our sport, improper use thereof to post inappropriate messages is a form of bullying. Cyber bullying has the potential to cause great anxiety and distress to the recipient. Cyberbullying can be considered a criminal offence under several different laws within each jurisdiction of ICTSC members.
4. Frustration at a referee, another competitor, club official, coach, visitor or governing body should never be communicated via social media, but rather by way of reasoned, logical verbal and/or written statements through the proper channels.
5. The ICTSC acknowledges the emergence of new technologies and constantly evolving communication mediums and wishes to enable such new media to be used to benefit the sport and its participants. The benefits can be instantaneous due to the immediate nature of social media communication to an appropriate audience using all available social media forums. However, participants within the sport need to be mindful of key points whilst using this immediate form of communication that could possibly lead to its inappropriate use. Remember once comments are made and/or published they are, and remain, in the public forum for a long time and are difficult, or impossible, to retract – once published you lose control of your comments.
6. In the light of the above please consider very carefully before you circulate anything which may contravene the actual, or the spirit, of the ICTSC Social Media Policy. Be respectful to others when making any statement on social media and be aware that you are personally responsible for all communications which will be published on the internet for anyone to see which may then result in legal proceedings being initiated against you by an individual. Action may also result under your Governing Bodies Complaints Procedure or Disciplinary Code of Conduct.

Any resultant action will fall under the ICTSC Amity Agreement.

Junior Membership	£25

Payment Details

Cheque/BACS Transfer

I enclose my cheque for £____ payable to **SCTA**.

SCTA, PO Box 7066, Ballachulish, PH33 9AX

BACS transfer details:

Account Name: Scottish Clay Target Association

Account Number: 00117109

Sort Code: 83-16-41

Reference: Full Name

Declaration

I certify that I am not prohibited from possessing firearms or ammunition under Section 21 of the Firearms Act 1968 as amended (i.e.: I have not served a term of imprisonment of more than 3 months).

I have never had an application for a firearm or shotgun certificate refused by the Police, nor had a certificate withdrawn (revoked) by the Authorities for any reason.

If my circumstances change for any reason I will inform the SCTA Administrator within 14 days.

I apply for membership the Scottish Clay Target Association Limited and agree to contribute an amount (not exceeding £1) to the Association's assets should it be wound up while I am a member or within one year of my ceasing to be a member as provided for within the Articles of Association. I understand that the above information will be held by the SCTA in electronic form and that it will not be distributed to any third party but held by the Association for membership purposes only.

Please note by signing this form you agree to be bound by the rules & conditions of the SCTA together with the rules of the competition. The SCTA Privacy Policy is available online at www.scta.co.uk
