

### NOTIFICATION

To all customers in China,

We, bb21 Automation GmbH, are glad to manufacture the OBO Wintures capacitor discharge welders and equipments (BS series, TS series, KS series etc.) for you in the past years.

Furthermore, we sincerely thank you for all your trust and support of our manufactured products in the past years.

Meanwhile, since Jan. 1<sup>st</sup> 2014, all of our bb21 Automation GmbH products have undergone an upgrade in appearance and should not be printed with the OBO Wintures logo instead should be printed only with our factory's name: bb21 Automation.

If any products of our models BS, TS, KS series with HP-TSK guns etc. do not wear our new logo, they will not be manufactured by our factory and we will refrain from providing any quality assurances.

At the same time, we, bb21 Automation GmbH, will pursue the relevant tort liability. Pictures of our design brand are attached below, which include our name, logo, slogan, colours, appearance etc.

Besides, we will continue to do after-sales service for our welders and equipments labelled with the old logo and manufactured in the past years.
