Re: Hogwarts Academy. Page 1 of 2

Information

The DofE recently modified the Award conditions at Bronze, this means that it is now possible to complete a Bronze Programme over four or five days. The programme overleaf comprises a total of four days. The training is a mixture of some theory but is largely practically based. As the training is over four days school staff will be provided with materials to cover aspects such as final planning, food and kit check over two twilight sessions at school. All EDGE-ucation staff are very experienced at running and leading D of E. For the full scope and capabilities of experience please refer to our policy document 'I believe we have the most highly qualified and experienced staff of any other provider'. Our Operating Procedures and Risk Assessment are detailed in the attached Policy document.
