

Picture Frame moulding

Superior Quality in Frame and Life

Picture Frame moulding

Where we
recycle plastic (polystyrene)
to create beautiful mouldings.

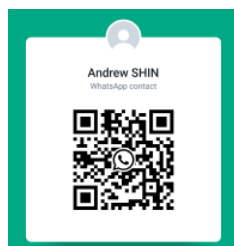

Team, NEPCO TEXAS

All of our mouldings are manufactured here in Reynosa, Mexico.

Our mouldings are better than many competitors' because we make our mouldings using raw materials attained from domestic sources here in the US. We confidently offer consistent quality and a short turnaround time.

You will be delighted by our great selection and our low rates.
