Named Gift Opportunities

$1,000,000: THE NEW CENTER AND FULL BUILDING
The leadership team at McKenna Farms welcomes an opportunity for an organization or an individual philanthropist to memorialize a family member or celebrate existing family members by naming the facility and all that it represents around hope for our future, celebrating people who overcome physical and mental challenges.

$250,000: THERAPEUTIC AQUATIC CENTER
The new pool and its surrounding area will be designed to accommodate new and current families in need of therapeutic services, life-saving training courses for special needs community members, and additional programs for other populations including seniors, veterans, etc. It will have with state-of-the-art equipment to support therapies that improve motor functions within the entire body. Important elements will include salt water, warmer temperatures and sound and light features most conducive to therapy.

$100,000: MAGICAL SPLASH PAD AREA
At the edge of the aquatic center will be a flat play area with water fountains (i.e. a mushroom or other element) which will be specifically designed for therapeutic purposes, but also to provide fun and magic for children as they work diligently on their skills.

$200,000: COFFEE AND SANDWICH CAFÉ
The coffee and sandwich café will be one of the most exciting areas of the new center because it will not only accommodate families during their long stays with meals, snacks and beverages, but it will serve as a training program for special needs young adults who will work in the café preparing food, serving customers, stocking supplies etc. This will provide them with a “hands on” skills-development program with careful guidance from trained staff.

$150,000: COMMUNITY CENTER AND CONFERENCE ROOM
This much-needed space will allow McKenna Farms to host professional, community and/or family meetings to accommodate both the immediate and long-term purposes of the center. It will allow for cross learnings within the industry including seminars, small conferences and parent support groups. Additionally, it will allow the McKenna Farms team to accommodate outside guests and civic/community groups for training and meetings. This beautiful space will overlook the aquatic center.
Named Gift Opportunities

$120,000: LIFE SKILLS WING

The team at McKenna Farms is particularly excited about this new space to help teach and promote life skills to clients with a long-term goal of independence. It will include a mock home environment with ADA-compliant bathroom, bedroom, kitchenette, and washer/dryer, where clients can practice self-care and Activities of Daily Living (ADLs). For example, clients will be able to practice brushing their teeth, dressing, laundering their clothes and other critical skills to help them become more independent while living at home and for some, once they live on their own. Additionally, the space will be designed with a small work environment to practice other needed life skills.

$50,000: DRIVING SIMULATOR

Within the Life Skills Wing will be a driving simulator which will help appropriate clients regain their ability to drive and achieve greater independence. This exciting technology will be of benefit to spinal cord injury and other populations in the community.

$75,000: SENSORY GYM

The purpose of the Sensory Gym is to help children regulate all sensory systems including touch, sound, sight, etc. Some children need additional arousal while others are overstimulated and need calming. The new sensory gym will have ample space for critical therapeutic equipment such as swings, ball pits, and fine and gross motor tools. It will allow children and their therapists to work on critical skills in an atmosphere of fun and comfort.

$75,000: GROSS MOTOR SKILLS GYM

In this space, therapists will have much-needed and expanded space to work with clients on gait, ambulation, balance, strength and coordination with supportive equipment to help them walk, build body strength and achieve their full potential. It will include a treadmill, parallel bars, a balance beam, gait training equipment, yoga balls and numerous other therapeutic tools with enough space to accommodate multiple clients without overcrowding.

$75,000: THE BIG FUN GYM/ADAPTIVE PERFORMANCE CENTER

This gym will include a rock wall, climbing platforms, slides, tunnels, and other highly motivational features to help children aspire to new physical accomplishments while building critical skills of balance, coordination, strength, spatial awareness and physical interaction with others.
Named Gift Opportunities

$50,000: FINE MOTOR SKILLS — CREATIVE ARTS ROOM
This important room will be designed to accommodate either individual or group therapy sessions. It will include flexible spaces and stations with paints, clay and many other artistic materials allowing clients to explore creativity while working on fine motor skills. In addition, this room can be used for summer camps as well as the year-round therapeutic programs.

$50,000: SMALL DANCE STUDIO
With donor interest, a small dance studio can be designed with ballet barres, mirrors and a sound system to create a magical space for dance therapy. It could include a small adaptive theatre or stage.

$50,000: INDOOR FAMILY WAITING LOUNGE
This room will be placed at the front of the new building and will be designed to be family friendly, highly welcoming and aesthetically pleasing. It will include comfortable furnishings and spaces conducive to conversation and interactions. Additionally, it will include family resource materials and stimulating books for siblings.

$25,000: FRONT PORCH WAITING AREA
Family members needing fresh air and sunshine can also wait outside while on rocking chairs enjoying views of the farm and fragrance from surrounding plantings designed for year-round enjoyment.

$25,000: OBSERVATION PATIO
In the back area of the building, a patio will be constructed which overlooks the horse stables and arena which will be furnished with comfortable outdoor furniture and sun umbrellas as a peaceful space to observe our beautiful farm setting.

$50,000: FAMILY LOCKER ROOMS
(EACH DIVIDED INTO A GIRLS LOCKER ROOM AND BOYS LOCKER ROOM)
These spaces will be so important as families often stay at the facility for extended periods to work in multiple sessions across therapies. The rooms will be equipped with ADA compliant showers and restrooms, lockers, changing stations, benches and dressing spaces. This will provide a space for families to change for the aquatic center and to safely store and access essential materials throughout the day. It will also allow parents to bring their own work materials, homework and/or snacks for siblings, etc.
Named Gift Opportunities

**$25,000: ORTHOTIC/ORAL MOTOR FEEDING ROOM**

This space will be multipurpose allowing Orthotists to work with clients on-site to professionally fit AFOs, splints, and other durable medical equipment. It will also be used by Speech Language Pathologists to work on feeding and swallowing issues amongst our clients.

**$20,000 (EACH): 3 TREATMENT THERAPY ROOMS**

In these spaces, therapists (PT, OT, and ST) will work one-on-one with clients on their individual treatment plans. The rooms will be designed to be private, calm and supplied with all needed therapeutic equipment and tools. In addition, these rooms will have a one-way mirror to allow for privacy, education, and training. For example, parents and clinical students can observe evaluations and treatment without disruption.

**$12,000 (EACH): 2 WELCOMING SENSORY GARDENS**

Special gardens will be designed at both the side and front entrances to the new building. Sensory-friendly plants and shrubs, artistic rocks and other garden sculptures will be selected to enhance and create an overall sense of peace for clients and family members.

**$10,000: FAMILY REST ROOM**

This unisex rest room will be ADA compliant and will have ample space to accommodate families with multiple children with of various ages, sexes and abilities.
