

Data is the key to thriving in the modern world.

Are you using yours effectively?

We've spent over 20 years helping organizations capitalize on their data – driving cost savings and improving efficiency.

What We Do

Our teams listen to you to learn your processes, analyze challenges and opportunities, and develop the right technology solution that will help you excel. We:

ANALYZE

opportunities to use your data more effectively.

RECOMMEND

the best technology to accomplish your goals.

DEVELOP

the right software and technology solution.

IMPLEMENT

modern solutions using industry standards and methodologies.

TRAIN

you to use your technology and data.

SUPPORT

your technology with full technical support.

We believe that good data sparks intelligent action.

That's why we specialize in the best technology for:

DATA CAPTURE

- Barcodes
- Radio Frequency ID/Comm
- Mobile Applications
- Sensors and IoT

DATA PROCESSING

- Software Development & Sustainment
- - *Agile, DevSecOps, UI/UX*
- Cybersecurity / RMF
- Enterprise Architecture

DATA ANALYSIS

- Asset Management
- Artificial Intelligence, Machine Learning and Big Data
- Business Process Improvement

Who We Are

We are a Service-Disabled, Veteran-Owned Small Business (SDVOSB), certified in quality processes:

Our People

After 20 years working with government organizations, we are known for excellent work and subject matter expertise. We believe the key factor in technology is the people behind it. That's why we hire and retain the best - with a 96% retention rate.

Testimonials

"This vendor [Evanhoe] is a breath of fresh air to the Marine Corps. We are developing utilizing the Agile Manifesto and 12 Principles without outdated documentation or waterfall mentality."

- US Marine Corps

"With automated asset tracking and management [by Evanhoe] we can spend less time thinking about where things are and more time planning for future requirements."

- US Patent & Trademark Office

"Let me reiterate how much we like working with Evanhoe and appreciate the on-site work of our employees."
