

DIRECTORY

ABOUT THIS DIRECTORY

This directory lists our Group members at the date shown in the footer. The entry for a group may include some or all of the following information, depending on what we have had permission to share:

GROUP NAME

WEBSITE

Contact name

Contact email

Address (this may be the contact's address or the place where the group meets)

Postcode (as above)

Contact's telephone number

Other information about the group.

If you would like to find out more about a group for which there are no details, please get in touch and we will contact the group coordinator on your behalf. You need to explicitly state in your message that you are authorising us to share your contact details.

Note that some groups are closed and unable to accept new members.

Please do not ask us to forward details of an event, competition or publication to individual groups but, instead, advertise it through the website, newsletter or *Link* magazine.

If you need to update the details for your group's entry, please ask your NAWG coordinator to get in touch with the membership secretary.
