If you would like to find out more about a group for which there are no details, please get in touch and we will contact the group coordinator on your behalf. You need to explicitly state in your message that you are authorising us to share your contact details.

Note that some groups are closed and unable to accept new members.

Please do not ask us to forward details of an event, competition or publication to individual groups but, instead, advertise it through the website, newsletter or *Link* magazine.
