

1940 – 1948

This book of funeral records was taken from the files of Rumph – Owers Funeral Home of El Dorado, Arkansas formally known as Rumph Funeral Home.

We want to thank Mr. Ralph Owers for allowing us access to these records and letting us put them in this book format to share with other genealogist.

Please bear in mind that our intent was to transcribe these records as they were written. We did not attempt to correct them. Well I will have to say there was one exception to that in that in most all cases they used 3 for 3 Creeks where we wrote out the word Three to make it Three Creeks. Also understand that most of these records were written in pencil and some were very hard to read. We apologize for any mistakes but have made an earnest effort to record them to the best of our interpretation of them.

Our intent is to transcribe more of these files as time permits.

This book was compiled by James C. and Bessie M. Rushing
