TELEMATICS SIMPLIFIED

CONSULTANCY

Are you struggling to know where to start with Telematics?

Do you need a platform but don't know who to reach out to?

Don't have the time?

Concerned you will be oversold?

Project Telematics can help - We have experience delivering telematics implementations from multiple suppliers.

WE CAN SOURCE MULTIPLE OPTIONS FOR YOU

We can review your fleet profile and speak to the main telematics suppliers, get quotes and present back which we think will work best for your fleet profile.

Under no obligation to continue - we can stay with you until we are happy we have found the right solution that works for you.

WHAT WE DO

HOW IT WORKS

- Reach out to the main suppliers
- Review your fleet and ensure the hardware profiles matches
- Ensure you aren't being oversold and overpromised
- Ensure that the software proposal matches your requirements
- Ensure that your ROI requirements will be met
- Present to you at least three various options
- Ensure you get the best value for money
- Review contracts to make sure you aren't exposed

If you are happy we can move to a Trial / Proof of Concept stage or full roll out (See Project Management option)

TRIAL / POC & NEXT STEPS

- **Install one to two vehicles with your chosen supplier's hardware**
- **Run the trial for one to two weeks without obligation from the chosen supplier**
- **Make a decision to continue to full roll out or withdraw**
