

# MANAGED SERVICES

**PROJECT TELEMATICS**  
TELEMATICS SIMPLIFIED

# *MANAGED SERVICES*

Do you have the resources to manage your telematics platform?

Are you struggling to keep systems up to date and getting the best out of them? Who is monitoring your cameras, your drivers and ensuring that everything is working?

So often we see Telematics projects failing because organisation drastically under resource the management of the platforms.

That's where our team of experts come in

## **WE CAN MANAGE YOUR TELEMATICS PLATFORM FOR YOU**

**We have worked for multiple telematics organisations and know how to manage the platforms to keep your operation moving, meaning you can spend more time on the important things.**

**We can create a bespoke package to suit your organisation that will be cost effective against hiring a FTE**

# WHAT WE DO

## WITH OUR MAIN PACKAGE:

- **Driver and PIN management**
- **Driver and vehicle swaps**
- **Geo-zones created and managed**
- **Hierarchies and structures built and supported**
- **Schedule and Ad-hoc reports generated**
- **Password resets**
- **Camera operational checks**
- **Post installation checks**
- **Ensure correct data is obtained**
- **Correct de kit / re kit procedures followed**
- **Build profiles and manage user creation**

## NEXT STEPS

We work on a price per vehicle basis, for the duration or part of your existing telematics contract.

We guarantee to deliver it as a cost-effective solution compared to hiring a FTE
