SCC Michigan Chapter News

Mark Your Calendars: The last meeting of the year for the SCC Michigan Chapter will be held on November 10 (Thursday) 4-7pm in Grand Rapids (venue to be announced). The program will feature **Herve Offredo** from Barnet Products who will give a presentation entitled **“Neurocosmetics”**. Register for this meeting at our website www.sccmi.org.

Newly elected Michigan Chapter Officers:

Chair-Elect: **Beth Swansegar**

Secretary: **Bethany Kaczanowski**

Treasurer-Elect: **Caryn Weiss**

Lane Duvel, who was a co-founder of our Chapter and served as the Chair in the past, has recently been promoted to a Senior Principal Research Scientist in the Home Care / Personal Care / Oral Care Product Development Group at Amway.

After first learning about product development and establishing himself in the industry at another personal care company, Amway was able to lure Lane to West Michigan in 1996. As a formulator in our Personal Care development laboratories, he quickly showed his dedication and skill in technology scouting and product development. Over the next 26 years, his expertise in product development led to successful launches in many Amway product lines and multiple private label brands. Today, Lane is the lead formulator across all the hair and body care products and is the lead technical expert in the restage of multiple product lines.

A few of Lane's most impressive accomplishments include:

- Led technology scouting for the front end innovation and botanical strategy development of the product lines currently under development
- As an innovator, Lane holds 12 patents on key product technologies and is co-author of 2 articles published in the International Journal of Cosmetic Science.
- Serving as the lead formulator for both the Body and Hair Care Restage projects involving the development of approximately 25 different products to launch globally within a two year period.

Everyone who knows Lane will attest to the fact that is an industry recognized professional, leader of his peers, and our go-to expert for hair and body care product development. Lane is also a smart and hard-working formulator whose consistent mentality is one of calm optimism, even in the face of repeated product development challenges. Please join us in congratulating Lane on his many outstanding accomplishments and this well-deserved promotion!

Congratulations to Bart Maxon, co-founder of the SCC Michigan Chapter upon Winning the SCC Merit Award

SCC MERIT AWARD: "Bart Maxon has been an outstanding advocate for the benefits of SCC membership", said Erica O'Grady, CAE, Erica O'Grady, CAE, Chief Executive Officer of the Society. "We are thrilled to honor him with the 2022 SCC Merit Award. A tireless champion of the SCC and its mission to advance cosmetic science, we thank Bart for his dedication and service to SCC over the years." During Bart's 23+ years of membership, he had the inspiration to co-found and serve as the first Chairperson of SCC's Michigan Chapter. He has also volunteered as a CEP instructor, speaker, National Board Area Director, and Fellow Certification Committee member.

Bart Maxon is a Senior Technical Service & Development Scientist for DOW – Home & Personal Care Group. He has over 39 years of experience in the personal care, healthcare and medical diagnostics industries and has been with Dow/Dow Corning for over 26 years in a variety of roles within their Beauty Care and Health Care businesses. He holds 20 patents and has a Bachelor of Science in Biology from Central Michigan University and a second Bachelor of Science in Chemistry from Northeastern Illinois University. He also serves on the board of the Disability Network of Mid-Michigan (DNMM) and is the North American Leader for Dow's Disability Employee Network (DEN) Employee Resource Group. Bart was also recognized as a Technical Fellow of the Society of Cosmetic Chemists in 2014.

Other 2022 award winners:

David C. Steinberg is the winner of the MAISON G. deNAVARRRE AWARD

Dr. Mindy S. Goldstein is the winner of the FLORENCE WALL WOMEN IN COSMETIC CHEMISTRY AWARD
