Do you like beautiful jewellery?

So do we.

We also think that you should be able to wear beautiful jewellery without having to worry about nickel, cadmium, lead or any other inappropriate materials. And that your children or grandchildren should be able to do the same. That is why Blomdahl's ear piercing method and jewellery exist, a safe way to look good every day.

For you, with care.

Just had your ears pierced?

Remember that it takes up to a whole year before the piercings are totally healed. And they heal even better when air can circulate around them. That's why pendant earrings are a good choice.
