Wall Lights

Hero

rustic noble

140 × 125 × 30 mm

Power: 2,3 W

made of high quality aspen or hemlock wood

suitable for sauna and infrared cabin

temperature resistant up to 125 °C (white) or 110 °C (RGB)

control via remote control, optionally also via DMX, DALI, KNX or push button

Made in Germany

optionally also as 

Hero Gallant

simple modern

150 × 120 × 25 mm

power: 3,5 W

made of stainless steel

suitable for sauna and infrared cabin

temperature resistant up to 125 °C (white) or 110 °C (RGB)

control via remote control, optionally also via DMX, DALI, KNX or push button

Made in Germany

optionally also as 

Crooked

crooked wall light,
optionally with an elegant strip of light (slice)
160 × 60 × 60 mm
power: 3 W
made of high quality aspen or hemlock wood
suitable for sauna and infrared cabin
temperature resistant up to 125 °C (white) or
110 °C (RGB)
control via remote control, optionally also via
DMX, DALI, KNX or push button
Made in Germany

down/up slice

lights down and up,
with elegant strip of light (slice)
120 × 60 × 60 mm
power: 6 W
made of high quality aspen or hemlock wood
suitable for sauna and infrared cabin
temperature resistant up to 125 °C (white) or
110 °C (RGB)
control via remote control, optionally also via
DMX, DALI, KNX or push button
Made in Germany

Pipelight

fancy light tube

320 × 95 × 80 mm

power: 2,4 W

made of high quality aspen or hemlock wood

suitable for sauna and infrared cabin

temperature resistant up to 125 °C (white) or 110 °C (RGB)

control via remote control, optionally also via DMX, DALI, KNX or push button

Made in Germany

Nothing for you?

We will find a solution!

Get in contact with us, we also manufacture according to individual wishes

We are constantly evolving!

Visit us at www.sauna.lighting for information about current and new products

Materials

Aspen

We source our aspen wood from forestry production in Estonia. Our aspen wood is characterized by its special heat resistance and is thus ideally suited for our sauna lights.

Hemlock

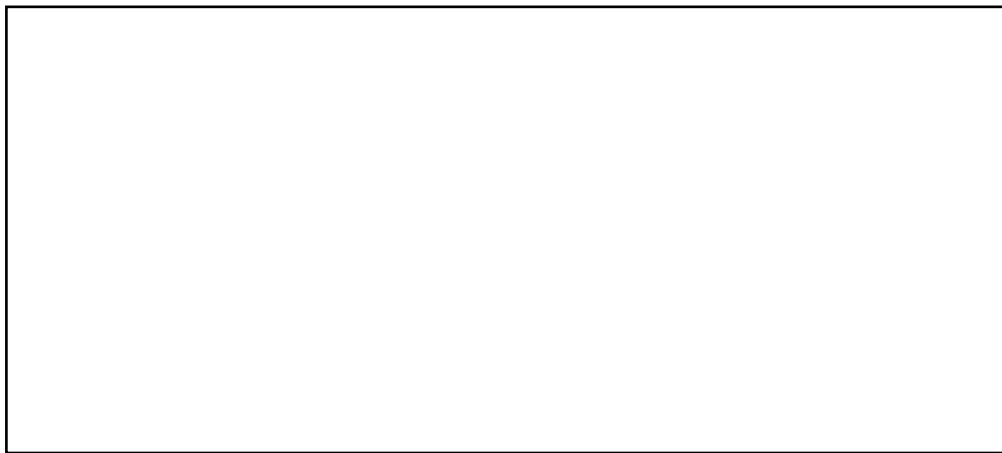

Our hemlock from Canada is very stable, but darker and with more structure than our aspen wood.

Contact us! We are happy to advise you on the choice of materials

Your sauna dealer:

The specified color values may show slight deviations due to production
