

Full or Partial Packing Services

At L & J Home Ltd, we can provide a variety of different packaging products and services to suit your requirements and budget. All of our services are tailored to each individual.

Full Packing Service

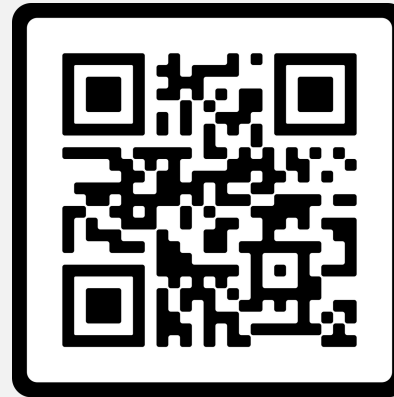

Our skilled and trained team will take on all of your packing as instructed, helping relieve any stress and you can sit back and relax. Full packing services usually take place the day before your move, with your non essential items being loaded into our vehicles so you're not surrounded by boxes before your move. Your essential items will then be packed on the day of your move and all boxes are labelled accordingly so you know where to find your kettle for your first cup of tea or coffee in your new home!

Partial Packing Service

If you would prefer to pack some of your belongings but have concerns about your fragile items or your kitchen only for example, then this option may be the one for you.

Need Storage?

Here at L & J Home Ltd, we have various size indoor storage available for long or short term requirements. There is 24/7 CCTV, ensuring your goods are secure at all times.
