

“... the family of God can solve the problems of our time.” James Meredith, I-CARE Honorary Chairman

PLEDGE TO THE U.S. CONSTITUTION

“...I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same...”

United States Military Enlistment Oath (excerpt)

CORE PRINCIPLES

God's Simple Plan

Our principal problem is breakdown of moral character. We must teach the Ten Commandments and Golden Rule to every child.”

Responsible Citizenship

Full citizenship asserts one's own constitutional authority, and recognizes one's responsibility to contribute to society, as well as benefit from it.

Educational Excellence

Americans are challenged to commit to help children in public schools in their community, especially those educating disadvantaged students.

Economic Independence

There is no independence (personal, social, or political), without economic freedom derived from ethical businesses, livable jobs, and equitable wealth.

Health Vitality

Health (spiritual, mental, and physical), healthy lifestyles, and accessible healthcare benefit each individual, their families, and society.

ICARE Citizenship

International Institute for Citizenship Awareness and Responsible Engagement

inspired by the life and work of JAMES H. MEREDITH, AMERICAN CITIZEN

ICARE Citizenship seeks a world where people live positive core values as stated in the Ten Commandments and Golden Rule; as full Citizens with both Rights and Responsibilities in a fair and just society. We are inspired by the work of James Meredith to promote true Christian values, U.S. citizenship, and responsible engagement to transform our nation and help America lead the world.
