Food & Drink

We appreciate the need for flexibility and choice, so we have bought together a selection of imaginative dishes to compile a menu to suit your tastes and make planning easier.

When selecting the meal for your Wedding Breakfast from the menu options you are advised to choose one starter, one main course and one desert. All dishes are prepared in the hotel's kitchen by our head chef and his team using the best fresh, local produce.

If any of your guests have any special dietary requirements, please let us know and we will be happy to cater for them to the best of our ability. If there is a particular dish that you would like outside of the options available we will be happy to discuss this with you and advise you on it's availability and costs.

Additional Items

We are able to organise a disco for your evening celebrations and we have links to local acts should you wish to book a live band or other live entertainment. You are welcome to arrange your own entertainment and to hire in external sweet carts, sweet tables, photo booths, backdrops, and sparking dance floors, alternatively our dedicated team will be happy to help arrange any of these items for you.

We are pleased to be able to work with you to create beautiful decorations for your special day, but you are of course welcome to arrange your own decorations and floral arrangements, but are here to help you every step of the way should you require any assistance.
