# WHAT WE DO

At Beyond Boundaries, we specialise in providing overseas development expedition programmes to the prep-school sector in the UK. We pride ourselves on high quality customer service and a tailored, personal touch is important to us. Our clients tell us that our flexibility and approachability offer a level of customer service that is often lacking in larger, mass market providers.

As a division of Adventure Lifesigns, we passionately believe in the power of outdoor education to shape and develop young people in a safe, enjoyable, and supportive environment.

Adventure Lifesigns are founding members of the Expedition Providers Association, AALA registered, BS 8848 compliant, and have been awarded the LOTC Quality Badge. We also hold an ATOL licence so our customer's have full financial protection.

We offer a carefully-selected range of destinations designed to provide your pupils with the best travel experience that little bit closer to home. If you're looking for a prep-school overseas experience, you have come to the right place!
