**RT™**  
**READY TRACK**

A Revolutionary New Product that  
Solves Issues of Custom Rod Systems

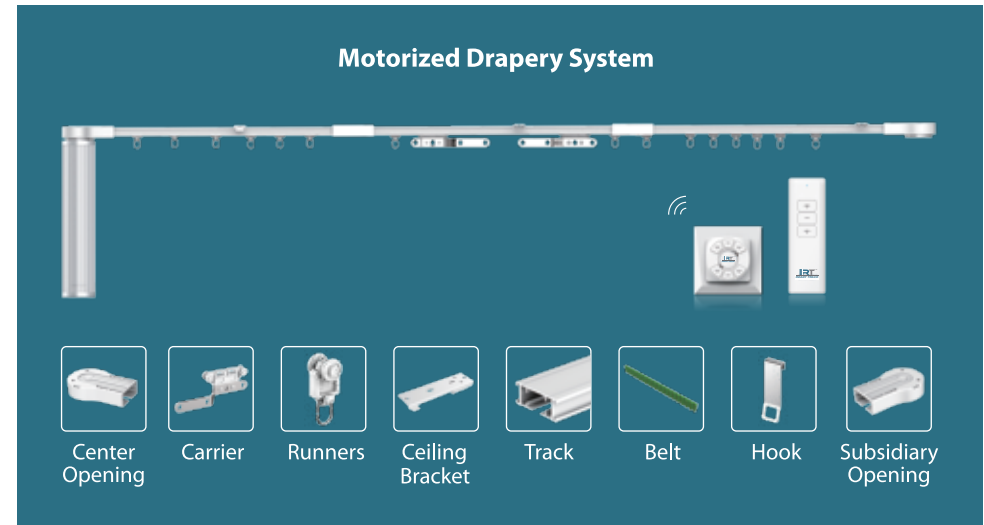

- Remote control or Wall mount with a range up to 150 feet
- Intelligent WIFI control by smart phone and free App.

## The **READY TRACK™** Motorized Drapery System is Cost Effective and Delivers the Ultimate in Flexibility, Quality, and Control.

The patented **READY TRACK™** rods system will allow you to put together a variety of custom and standard sizes in matter of minutes. Just pull the box off the shelf and easily assemble the pre-cut tracks for the required size, attach the motor and it is ready. You can use it as a split stack, side stack pinch pleat, or ripple fold.

### Why **READY TRACK™**?

- 5 years replacement warranty
- Each box contains a range of sizes
- Reliability, Safety, Precision, and unmatched Quality
- Minimal assembly for customized track sizes and configuration
- Simple installation, No programming required, Plug & Play design
