#### **IV Mini Print Internacional Cantabria “El Mar y los Faros”**

Una nueva edición, la cuarta ya, y parece que fue ayer cuando comenzamos con este proyecto.

Y una nueva edición en los difíciles tiempos de la emergencia sanitaria mundial provocada por la pandemia COVID-19.

En estas fechas, el pasado año, deseábamos profundamente que, para esta edición, todo hubiera vuelto a la normalidad... pero no ha sido así. Aunque la situación ha cambiado bastante aún el mundo sigue sumido en la incertidumbre y el temor.

Han continuado, durante todo este año, los confinamientos y bloqueos y las restricciones, para el libre movimiento de la población mundial, han seguido limitando las exhibiciones y afectando al arte.

Con este panorama hemos organizado esta edición y hemos querido, una vez más, que todas las obras inscriptas, que cumplieran con las Bases del certamen, fueran exhibidas... y lo hemos cumplido!

La fuerza interior de las y los artistas de todo el mundo y su inquebrantable voluntad de seguir creando y soñando con la potencia evocadora de mares tranquilos, faros brillantes y puertos seguros, han hecho que recibamos 683 obras realizadas por 278 artistas de 42 países.

Finalmente todas las obras están siendo exhibidas, un año más, en el Centro de Arte del Faro de Cabo Mayor en Santander, Cantabria, desde el 1 de septiembre hasta el 31 de diciembre de 2021.

La enorme cantidad de maravillosas obras gráficas de refinada técnica y extrema belleza le han puesto la tarea sumamente difícil a nuestro jurado...

Por ello, y para poder dar reconocimiento a más obras hemos agregado 3 Premios Honoríficos y una Mención Especial.

Aún así resulta insuficiente... todas las obras presentadas merecerían ser premiadas.

Queremos agradecer a las y los artistas de todo el mundo por seguir adelante pese a todo, a la Autoridad Portuaria de Santander, a El Diario Montañés por continuar apoyando a las y los artistas de Cantabria, al jurado por estar a disposición del Mini Print para reunirse, sin agenda previa, y por su profesionalismo al tener que valorar tantas y tan excelentes obras, al equipo de la organización y a los visitantes que han aceptado esta nueva normalidad, que siguen ávidos de disfrutar del arte y que nos visitan, cada día.

¡Gracias, muchas gracias, a todos y todas!

#### **IV International Mini Print Cantabria “The Sea & the Lighthouses”**

A new edition, the fourth now, and it seems like yesterday when we started with this project.

And a new edition in the difficult times of the global health emergency caused by the COVID-19 pandemic.

At this time, last year, we deeply wished that, for this edition, everything had returned to normal ... but it has not been like that. Although the situation has changed a lot, the world is still mired in uncertainty and fear.

The lockdowns and blockades have continued throughout this year. Restrictions on the free movement of the world's population have continued to affect art and limit the exhibitions.

With this outlook we have organized this edition and we have wanted, once again, that all the registered works that comply with the Contest Rules, be exhibited ... and we have fulfilled it!

The inner strength of artists from around the world and their unwavering will to continue creating and dreaming of the evocative power of calm seas, shining lighthouses and safe harbors, have led us to receive 683 works by 278 artists from 42 countries.

Finally, all the works are being exhibited, one more year, at the Faro Cabo Mayor Art Center in Santander, Cantabria, from September 1 to December 31, 2021.

The enormous amount of wonderful print works of refined technique and extreme beauty have made the task extremely difficult for our jury...

Therefore, and in order to give recognition to more works we have added 3 Honorary Awards and a Special Mention.

Even so, it is insufficient ... all the works presented deserve to be awarded.

We want to thank the artists from all over the world for moving forward despite everything, the Santander Port Authority, El Diario Montañés for continuing to support the artists of Cantabria, the jury for being at the disposal of the Mini Print to meet, without a prior agenda, and for their professionalism in having to value so many and such excellent works, the organization's team and the visitors who have accepted this new normality, who are still eager to enjoy art and who visit us, every day.

Thank you, thank you very much to everyone !!!

En Cantabria como Funcionaria de Carrera a trabajado en Documentación y Gestión Patrimonial y Cultural en los Museos de Prehistoria y Arqueología (MUPAC), Marítimo (MMC) y Etnográfico (METCAN) del que fue Directora. Durante diez años participó en la Comisión Técnica de Cooperación Bibliotecaria (CCTB) del Ministerio de Cultura representando a Cantabria en la misma. En 2020 finalizó su servicio activo en la vida laboral como Directora General de Cultura del Gobierno de Cantabria, donde asumió funciones representativas en los Patronatos de la Biblioteca Nacional y La Fundación Gerardo Diego, y responsabilidad en la gestión cultural: exposiciones artísticas, teatro, cine, bibliotecas, museos, centros culturales, además de la recuperación y conservación del Patrimonio Cántabro.

### **Meredith Nemirov:**

Meredith Nemirov nació en la ciudad de Nueva York y recibió un BFA de Parsons School of Design. En 2008 fue galardonada como Artista en Residencia en el Anderson Ranch Center for the Arts, Snowmass, CO y en 2010 en el Vermont Studio Center. En 2018 y 2019 fue artista residente e instructora en Cortex Frontal, Arrailos, Portugal. Actualmente enseña en The Ah Haa School for the Arts en Telluride, CO y en Mallorca, España. Una lista parcial de exposiciones incluye Redline, The Museum of Outdoor Art, The Arvada Center for the Arts, Denver Botanic Gardens en Colorado. Una selección de exposiciones en la ciudad de Nueva York incluye el Museo de Brooklyn, el Museo de Queens y el Museo de la Inmigración Estadounidense. Su trabajo está representado por Michael Warren Contemporary, Denver y Mixx Projects + Atelier, Telluride, CO.

### **Susana López Fernández:**

Susana López F. es una artista visual que utiliza indistintamente la fotografía y la pintura como medio de expresión. Licenciada en Bellas Artes, especialidad de Pintura, en la Universidad de Barcelona, donde también completó su doctorado, posteriormente amplió su formación en la Central Saint Martin's en Londres y en la Parsons School en Nueva York en materias específicas de comisariado, técnicas de negocios específicas al campo del arte así como técnicas alternativas de pintura y fotografía. Fue durante estos años cuando comenzó a utilizar la cámara con una herramienta para crear su obra. A Susana le fascinan las ciudades, la danza de las multitudes que transitan por las calles es la inspiración para su obra, una reflexión constante sobre la fugacidad de la vida. Un diario personal que busca representar visualmente su obsesión desde niña: la velocidad de un tiempo que transcurre demasiado deprisa y que ya nunca volverá.

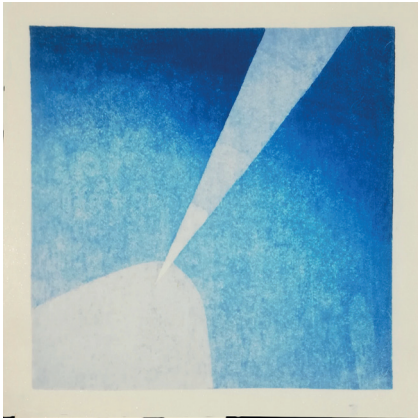

Graduate in History and Geography (UCM) and Diploma in Librarianship and Documentation. Master in Museology (UAH). She begins her career as head of the Miguel Hernández Municipal Library (Huelva). In Cantabria, as a Career Officer, she has worked in Documentation and Heritage and Cultural Management in the Museums of Prehistory and Archeology (MUPAC), Maritime (MMC) and Ethnographic (METCAN) of which she was Director. For ten years she participated in the Technical Commission for Library Cooperation (CCTB) of the Ministry of Culture representing Cantabria in it. In 2020 she finished her active service in working life as General Director of Culture of the Government of Cantabria, where she assumed representative functions in the Boards of the National Library and the Gerardo Diego Foundation, and responsibility in cultural management: artistic exhibitions, theater, cinema, libraries, museums, cultural centers, as well as the recovery and conservation of the Cantabrian Heritage.

Meredith Nemirov was born in New York City and received a BFA from Parsons School of Design. In 2008 she was awarded an Artist in Residency at The Anderson Ranch Center for the Arts, Snowmass, CO and in 2010 at the Vermont Studio Center. In 2018 and 2019 she was a resident artist and instructor at Cortex Frontal, Arrailos, Portugal. She currently teaches at The Ah Haa School for the Arts in Telluride, CO and in Mallorca, Spain. A partial list of exhibitions include Redline, The Museum of Outdoor Art, The Arvada Center for the Arts, Denver Botanic Gardens in Colorado. A Selection of exhibitions in New York City include The Brooklyn Museum, The Queens Museum and The Museum of American Immigration. Her work is represented by Michael Warren Contemporary, Denver and Mixx Projects + Atelier, Telluride, CO.

Susana López F. is a Spanish visual artist. In her work the borders between photography and painting are blurred. She uses tools from both fields with the aim to communicate what she wants, what awakens her interest, things that worry her, what she feels or what she loves. She studied Fine Arts, specializing in Painting, at Barcelona University, from where she also holds a PhD. Soon after, Susana travelled to London, New York and Berlin to complete her studies, and her camera travelled with her to capture her movements. Step by step, she introduced this tool into her main body of work, creating a mixed media work in the middle of painting and photography. Her work is a reflection about the fugacity of life. It is a personal diary about an obsession that has followed her since she was a child.
