Colorado Front Range Hunts available first come first serve. Just south of the Wyoming Boarder, north of Livermore, Colorado.

Hunt the whole elk and Mule Deer private land ranch in Northern Colorado., North West of Ft Collins. Hunt a combo hunt or elk alone, or Mule Deer Alone in an **Economy Priced** DIY/Semi-Guided Hunt. The Landowner will show you the property boundaries, where the deer or elk day bed, Water and Feed. If you know how to hunt deer or elk, that is all you need except for his cell phone number to call or text if you have any questions.

The land is prime deer and elk property. At about 7,000 feet in altitude. Many roads and 2-tracks provide easy access once the landowner lets you through the locked gates to get on the ranch. There are areas of open parks, Hay Meadows, Sage with others of pine and fir tree timber. There are multiple water sources on the property, different from the surrounding National Forest.

There are 2 herds of 250 elk that stay in this general area year around.

The hunting is low to medium impact to fit all age and physical abilities. Shots are traditionally under 200 yards for rifle seasons. Hunt the whole ranch and decide what level of physical ability that you want to take, it is your choice.

Most private Land Licenses can be drawn with 0 points, in some Watchdog can get you a preference point and a license.

A minimal number of Vouchers are available if needed. All hunters that don't draw their license we give the 1st priority for the dates they want for the following year, though Watchdog is normally able to get licenses and points every year. Watchdog can even make it so that each hunter can hunt a Mule Deer, Elk, Antelope, and moose on private land in the West every year for the rest of their life.

We prefer to not mix groups but want to please everyone, that wants to hunt gets to hunt. If 2 groups, we will split the ranch in half, and the first one that books gets a priority as to which ½ they hunt, so the sooner the 50% deposit the better to get the half that you want.

Archery, Muzzleloader and Rifle hunt available, first come first serve. We only allow up to 4 total hunters on the Private Land at one time, so quickly select you dates, and call before someone takes your date.

Seasons cover the conventional Colorado season dates, then the cow hunts can run from 9/1 to 1/31 to meet anyone's schedule. Camping and Campers are allowed, no sewage dump, and take all trash with you when you leave.

You will be hunting GMU008(Licenses are designated as GMU007 as the master unit.)

you will be hunting on 500 acres of private land, which is surrounded by thousands of acres of National forest. The land is a deer and elk magnet, and when the Low hunting pressure with good year around water sources, and cover holds them there. When hunters begin hunting the surrounding National Forest the deer and elk move in like moths to a flame!

Due to the location, price, and success level there is a lot of demand. Many hunters return every year, so, it only has a few openings to start with. This is one that if the dates work for you dig in and read the details, call in and book, because he hunts it lightly, so it does not take long to book up.

Access can be made with ATV's, Trucks, horses or by foot. All vehicle traffic mut be on the roads and proved 2 tracks that crisscross the property.

The rut in September. In addition, the early seasons dates are great with the rut and is the first week in September for archery and bull is just acting like the do in August. Since water is somewhat scarce a good well or creek is a magnet for game. This helps them come to you instead of you go to them.

Let watch prevent you from wasting years of your life trying unsuccessfully to draw a Western States license for Elk, Deer, Antelope, and Moose, EVERY YEAR FOR THE REST OF YOUR LIFE, and hunt on private land every year.

I hope that inside view helps, I have been doing this for 20 years, I do know the ins and out of elk hunting in Utah, Colorado, and Wyoming, New Mexico, Texas, Canada, along with other states. I don't put my hunters in Idaho and Montana because of the Wolf risk on the deer and elk populations. New Mexico is crazy expensive even above Wyoming prices. Colorado is the best “bang for your buck” elk hunts. Greg Merriam 303-776-7528

NOTICE: Due to the high demand on these hunts the availability and sometimes prices are only confirmed up to 24 hours after this is sent to you. The only thing that holds the price and dates is the credit card charge or the receipt of a check from you received by us for that same deposit. This is the only way to be fair to everyone. If you have a group with a few of the last members still stumbling around on the decision to go or not they are risking your opportunity to go hunt at all. Book with what you currently have, and we will try to accommodate them when they do decide to go and supply their 50% deposit. In this way the ones that do want to go will not miss out because others can't make the decision. Opportunities with this high of a success rate at these low prices are limited.
