

Hunt ID: 5154-CO-GD-M-Antelope-114-1800-L1WI

\$1500 Buck Antelope Voucher for only \$100 if needed for this hunt.

Hunt Colorado eastern plains for quality Antelope that are mature and smart, growing that way because of the horn mass they carry.

These hunts are extremely limited hunts with only 6 hunters all season on a total of 45,000 acres but the landowner puts you on different sections so that he can rotate the hunting pressure and provide everyone with great hunts on great antelope.

He even provides vouchers that are usually \$1500 in this eastern Colorado big antelope area, for only \$100 if needed.

The hunts are 2 days and are Semi-guided to fully guided at your pleasure. He does not mind losing a few antelope every year, but he wants to manage the ranch so that he continues to keep the high quality antelope he has had for years.

The Hunt being smack dab in the middle of Colorado eastern plains south of Interstate 70, back in where the antelope are King. The rolling flats are dotted with water tanks and ponds,

so the antelope are pleased to stay in the area because of the consistent water source provided by the water required by lightly grazing cattle.

The rifle season begins in the first part of October, as weather cool and the antelope rut ends. The bucks are back with their heads on straight so there may be some longer range shooting of 200-400 yards unless you know how to sneak like an Indian. These bucks have learned to avoid bullets, not that they can dodge them but the years of experience they have had makes their eyes extremely sharp at catching the shine of a rifle with a long scope at long distance.

If this seems to be too much of a challenge you can decide on the guided hunt instead of the DIY>Semi guided hunt for \$300 more. The vouchers if needed can be added if needed for only \$200 added directly into the hunt price.

Some of Colorado's largest Antelope come from the eastern plains where landowners manage the Antelope for Quality and it shows. Plan on wind because shortly after the sun comes up it begins slowly, then increases to mid-day and afternoon, to diminish by sundown. The trees show the effects of the south winds, as they hang over to the north, like if it every stopped, they would fall over.

Lodging is about 20 miles away at approximately \$40 per person double occupancy and up. The ranch has an area for skinning your antelope but remove the skin and such and put in a less obvious area to decompose. The entrails can be left in a gully by where you shoot the antelope, we just like to make as little impact as possible.

Only Buck antelope are hunted, and a \$1000 buck antelope voucher is provided if needed for only \$100 so you can get a license.
