Dear Energy Consents Unit,

REF: ECU00001801 - Sanquhar II Community Wind Farm

I would like to register my support for the proposed Sanquhar II Community Wind Farm for the following reasons (please tick):

- ☐ Sanquhar II will deliver 200 jobs in construction, engineering and associated support Industries and Services;
- ☐ The Sanquhar II project will help Scotland achieve its 2020 renewable energy and carbon reduction targets supporting the battle against climate change;
- ☐ The wind farm is appropriately sited in an area where the wind resource is high and a significant distance from local villages;
- ☐ The wind farm will help bring energy stability, with battery storage to Scotland, reducing the need to import energy and allow export of low carbon electricity to England;
- ☐ This project will provide valuable opportunities to local communities, in a variety of areas including educational, environmental and community initiatives which will benefit our residents and future generations;
- ☐ Consent for Sanquhar II would bring substantial investment to the local, regional and Scottish economy with contracts allocated to local and Scottish businesses and suppliers; and
- ☐

Considering the positive benefits that we stand to gain from this development, please record my support for this application.

Yours sincerely,
