

ABOUT US

With more than 35 years of combined construction experience, SPN Tec Ltd. takes great pride in being highly renowned for the exceptional quality of their work and getting the majority of their jobs through word of mouth.

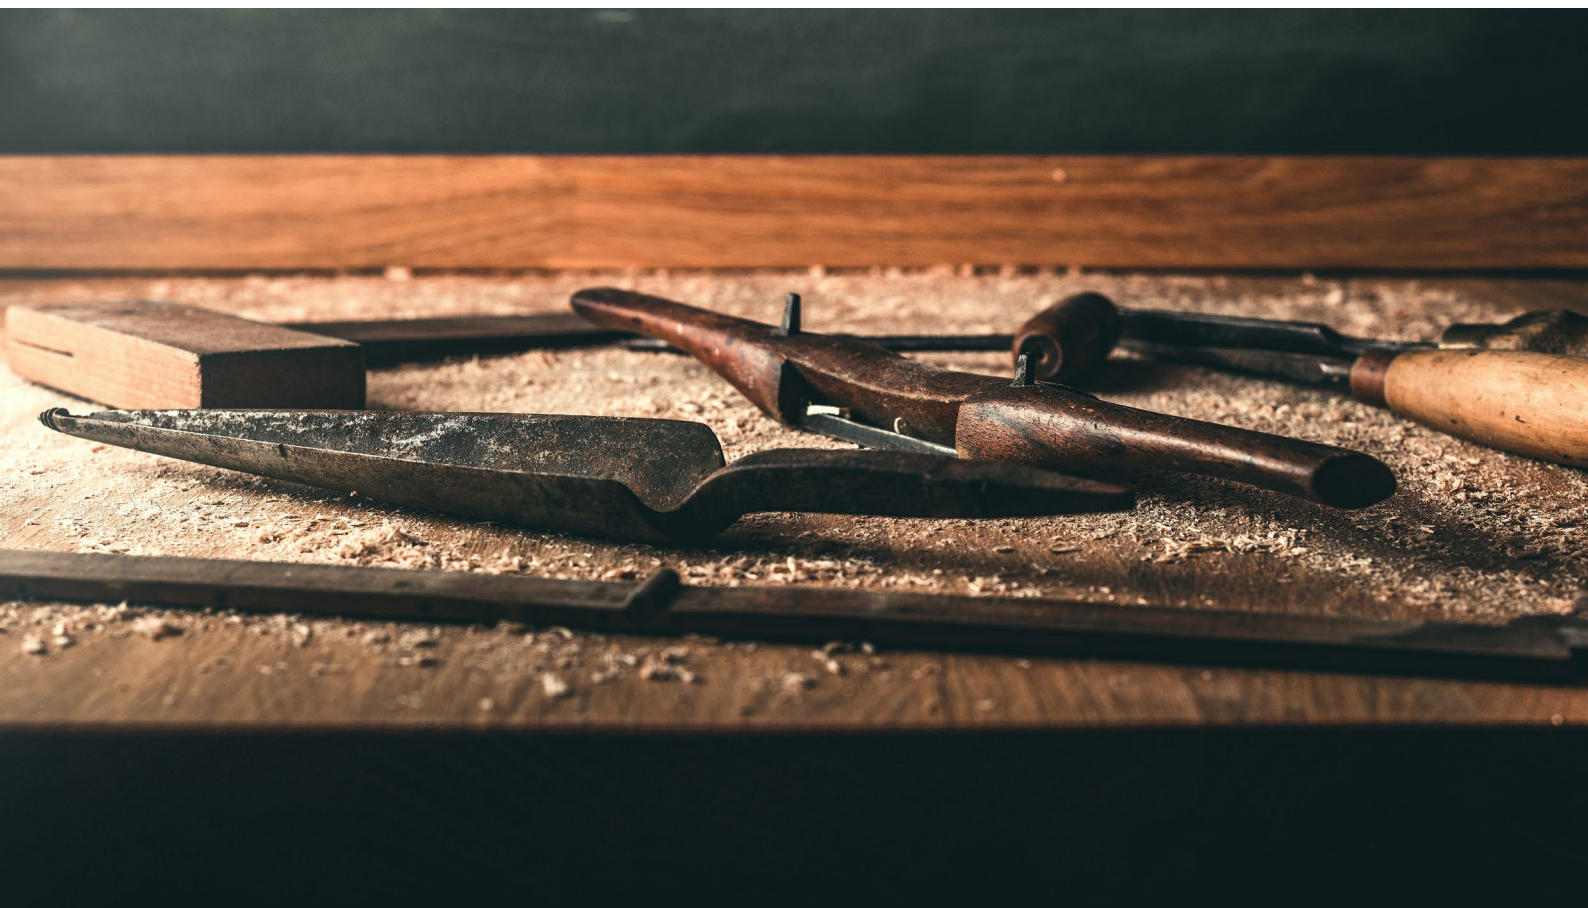

Our sole purpose is to create unique living spaces which boost contemporary living requirements while emphasising your own personality, taste and design flair.

Whether you are looking to do some small repairs or to completely

refashion your entire house, we offer a wide range of construction services which can be tailored to your individual needs.

Our service is fully comprehensive, as we have the in-house capability of project managing any type of project from initial design right through to completion.

SPN's core principles are transparency, honesty and integrity - which lay the foundation of our service.

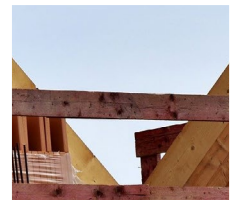

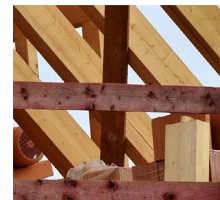

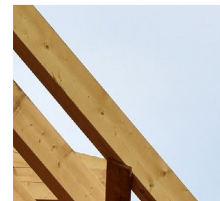

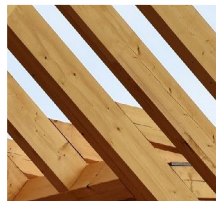

SPN Tec prides itself on its potential to deliver a complete start-to-finish service for property extensions. This means we can handle all aspects of your project from design, planning, building regulations, to overseeing the construction and guaranteeing the work.

We can undertake any type of house extension, such as Rear, Side Return, Wrap Around extensions, making sure to optimise the interior of your home without sacrificing too much outside space.

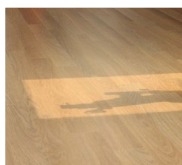

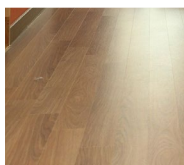

What's more, we take great pride in always completing the project on time and to budget, offering a great standard of workmanship. by carefully listening and analysing your ideas, and offering our own expert guidance and advice.

HOUSE EXTENSIONS

LOFT CONVERSIONS

If you are you thinking about freeing up some space or just transform the way you experience your home, converting your loft is one of the most popular home improvements nowadays.

We specialise in using underused attic space to create striking, contemporary living spaces, tailored specifically to each individual property and without compromising on quality.

REFURBISHMENT

If you are looking to bring something new to your house, without going through the hassle of moving, refurbishing it is quite a cost effective option - and it brings value to it as well.

With more than three decades of construction experience in and around Europe, our team of master tradesmen carry out partial or full property renovations and refurbishments for domestic, commercial and industrial clients across London and surrounding areas

One of our unique assets is that we offer exceptional quality carpentry and joinery works, all delivered on time and to budget.

PLUMBING

With over 20 years of experience under our belt, our team of highly qualified plumbers and engineers are available 24 hours a day, 7 days a week with no overtime charges and free safety inspection and can undertake any type of plumbing and heating job.

SPN Tec - your local plumbers in London - is renowned for its quality workmanship at competitive prices, for a personalised service, focused on problem solving within a given timeframe and budget.

We are one of the few plumbing companies in London, open 24/7.

ELECTRICAL

SPN Tec's team of electricians are fully qualified to undertake any type of domestic, industrial or commercial work - from a new plug socket, to a complete rewiring of the whole building.

The why and wherefore of our work is that all the electrical projects that we undertake are safe to use and have been completed at no stress or inconvenience for our clients.

Most of our work is gained through word of mouth recommendations, which goes to show the quality of our end product and also our services.

JOINERY

With over 20 years' experience in the industry, our team of highly skilled carpenters have an unrivalled attention to detail that help them deliver joinery projects to the highest of standards.

Whether it's bespoke artisan joinery pieces or medium-scale orders, our joinery team is well equipped with the latest technology needed to produce the finest quality joinery to match any requirement.

Our full supply and fit service entails; windows; skirting boards; floorboards; mouldings and architraves; doors and staircases; dado rails; shutters; conservatories; gates and summer houses.

Our uniquely bespoke furniture is conceived through exceptional craftsmanship, using the first-class quality materials coming from sustainable resources.

LANDSCAPING

A garden is, not only an extension of your home but also a multifunctional space that has to serve different purposes and in the same time be appealing to the eye.

Our team of experienced gardeners can help you achieve a complete makeover of your garden with our start-to-finish project management service. If you are looking for a garden that looks after itself or to create a space where you can potter about, our qualified, knowledgeable gardeners can help you create that unique space that works in harmony with your lifestyle.

Moreover, SPN Tec can undertake any type of garden work ranging from patios, decking, driveways, terraces to turfing and fencing.

We are 100% committed to using environmentally friendly materials, respectfully taking care of the entire surrounding area. Whether you are just looking to fix certain things that are not working in your garden, or to completely change the looks of it, we are here to help.

COMMERCIAL RENOVATIONS

SPN Tec specialises in both commercial and domestic renovations, striving to achieve 100% customer satisfaction on each and every project.

Our building services team team has been restoring, extending, renovating, maintaining, fitting-out and decorating properties for more than a decade throughout London and surrounding areas.

No job is too big or too small for us, we can undertake anything ranging from retail refurbishments to large multi-storey office refurbishments.

Whether you are moving your office, trying to redecorate your office or install partitions all around, we can offer full help and support throughout the process, having a dedicated person in charge of meeting all your needs.
