Printed name on card: _____		Signature _____	

HORSE PASSPORTS

LEGAL RESPONSIBILITIES FOR OWNERS

The owner of an Equine (horse, pony or donkey) has specific legal responsibilities under the Horse Passport Regulations 2009. Failing to comply may mean that the local authority (usually Trading Standards) takes enforcement action. The maximum penalty for each offence is £5000

APPLYING FOR PASSPORTS

- Any equine must be microchipped by a vet before a passport can be applied for and
- The owner must apply for a passport from an authorised Passport Issuing Organisation (PIO) before a foal is 6 months old or before the 30th November of the year of birth, whichever is the later. Failure to do so is an offence

KEEPING AN EQUINE

- Once a passport is issued – keep it safe. A Trading Standards Animal Health Officer may request it to be produced for inspection at any time
- The passport should accompany the animal when it moves around, including shows, sales, competitions, when it is sold or moves to slaughter
- Keep a note of the passport number and the PIO it was issued by. This makes obtaining a replacement more straight forward if the original is ever damaged, lost or destroyed as the passport is valid for the life of the horse
- It is an offence to apply for a duplicate passport for an equine unless the original is lost damaged or destroyed and in such cases a duplicate must be sought within 30 days
- Old style Equine passports that do not contain compulsory pages I, III, IV to IX are not valid and will need to be returned to the issuing PIO to be made EU compliant. If you have such a passport then you have 6 weeks to return it for updating and in the case of BApS, a Duplicate passport application form completing
- Passports must be returned to the issuing PIO following death of any equine within 30 days of death to enable the passport to be invalidated
- Administration by a vet of all prohibited veterinary medication will be recorded in section ix part iii if the equine has not been signed out of the human food chain and
- In addition an equine can be signed out of the human food chain at any time by an owner, keeper, PIO or Veterinarian

SELLING AN EQUINE

- When a horse, pony or donkey is sold the passport must be passed on to the new owner with an accompanying signed transfer of ownership form. The new owner then has 30 days to comply with the Law by transferring ownership with the issuing PIO

BUYING AN EQUINE

- On purchase of any equine always obtain and inspect the passport thoroughly and make sure you obtain a signed transfer of ownership to enable you to notify a change of ownership with the issuing PIO within 30 days. In the case of The British Appaloosa Society you will need to send the completed form, the equine passport and the correct fee to the PIO (address is in bold print on the front of all forms)

More details can be found by visiting the British Appaloosa Society website at www.appaloosa.org.uk
