PSA & Hot Melt Spine Bookbinding Tapes & Strips

– Heat Activated, Pressure Sensitive, and Remoistenable

Prod. : AS4007SST. PRESSURE SENSITIVE SELF ADHESIVE CLOTH SPINE BINDING TAPE

A strong and durable waterproof cloth tape coated with an aggressive pressure sensitive rubber-resin adhesive for premium performance.

Key Feature

- Excellent water resistance
- Very strong, tough & robust
- Flexible and highly conformable
- Hard-wearing, good abrasion & corrosion resistance
- Easy unwind
- Thickness; 200 - 300μ
- Can be foil/blind stamped & screen printed
- Low sulphur and halogen
- Tensile/breaking strength (76.5 N/cm); Adhesion: 4.4 N/cm (to steel) & 2.5 N/cm (to backing)
- Good low temperature performance
- Service Temperature (-50 to 80 deg.C)
- Shelf Life: 2 years
- Designed for both [manual and machine](#) applications.
- Requires only a gentle application to adhere to almost any clean, dry, dust-, oil-, grease-free surface

Applications

- Spine binding of cheque books, credit payment books, government credit books, monthly account & accountancy books, brochures, voucher books, catalogues, notebooks, pad books, ticket books, ID documents, and all kind of block notes.
- Colour coding and identification (directional marking, in visible colours only)
- General purpose applications in packaging such as package sealing, protecting and strengthening

Colour & Size Formats

- Colours: black, red, green, grey, yellow, white and sapphire blue
- Available on rolls.
- Roll widths : 25, 30, 38, 50, 75, 100mm, etc
- Roll lengths : 50m, etc
- Box quantity (according to size): up to 48 rolls
- Custom sizes & colours on request

Prod. : AS4008SST. PRESSURE SENSITIVE SELF ADHESIVE EMBOSSED PAPER SPINE BINDING TAPE

This is a spine binding tape with an embossed, light weight paper base coated on one side with a high tack, rubber based pressure sensitive adhesive.

Key Features

- Excellent conformity to the spine of a book
- Easy unwind
- Thickness: $\geq 145\mu$
- Grammage: 127 – 156gsm
- High tensile/breaking strength (69 N/cm); Low elongation at break (4%)
- Continuous temperature resistance: +69°C

- Shelf life: 2 years (can be more, but life expectancy vary with temperature & humidity)
- Adhesion: Peel adhesion (6 N/cm to steel). Leaves distortions on cheque or book cover when removed.
- Cloth finish. Attractive embossed appearance.
- Application: Requires only a gentle application by [hand or with most automatic taping machines](#) to adhere to almost any clean, dry, dust-, oil-, grease-free surface

Applications

- Spine binding of cheque books, credit payment books, government credit books, monthly account & accountancy books, brochures, voucher books, catalogues, note books, pad books, ticket books, reports, ID documents, and all kind of block notes
- General purpose packaging, decorating and strengthening, e.g., edge reinforcement, pad header reinforcement, game-board hinge/reinforcement

Colour & Size Formats

- Colours: black, red, green, grey, yellow, white and sapphire blue
- Available on rolls
- Roll widths (w) : 25, 50 76, 100, etc
- Roll lengths (l) : 50, 150, 200, 300m, etc
- Box quantity (according to size): up to 48rolls
- Custom size (w x l) & colours on request

Prod. : AS4009SSTH. HEAT ACTIVATED EMBOSSED PAPER SPINE BINDING TAPE

This dense, machine-glazed, resin impregnated embossed long fibre paper tape is the perfect choice for spine binding with added security in mind. It is a medium-weight paper coated with a hot melt (rubberised EVA) heat activated adhesive that cannot be removed from the cheque or book cover without cutting through layers of the cover material.

Key Features

- Excellent conformity to the spine of a book
- Self wound
- Adhesion: aggressive adhesive that can't be removed from substrate without delamination. [long fibres of the base paper bind securely on tearing]
- Application temperature: from 94°C
- Heat seals up to 188°C
- Breaking load (72 N/cm); Low elongation at break (4%);
- Overall thickness: 175 - 250µ
- Total grammage (carrier paper + adhesive): 142 - 166gsm
- Attractive embossed appearance.
- [Can be foil blocked, offset/screen printed with personalised features for additional security](#)
- Designed for application [by hand](#) and most automatic taping [machines](#)
- Adheres to almost any clean, dry, dust-, oil-, grease-free surface.
- Shelf life: 2 years

Applications

- Spine binding of cheque books, credit payment books, government credit books, monthly account & accountancy books, brochures, voucher books, catalogues, note pads, pads, ticket books, reports, and all kind of block notes

<p>Colour & Size Formats</p> <ul style="list-style-type: none"> • Colours: white, black, red, and sapphire dark blue. [others, upon request] • Available on rolls. • Roll widths : 28, 35, 38, 50mm, 72, 89, 90, etc • Roll lengths : 50, 100, 200, 250, etc • Box quantity (depending on size): up to 48 rolls • Custom sizes, upon request

Prod. : AS4011SSTH. HEAT ACTIVATED EMBOSSSED VANISHED PAPER SPINE BINDING TAPE

A strong, embossed, acrylic vanish coated, abrasion & scuff resistant lightweight paper tape for spine binding. It is coated with a versatile permanent water-based acrylic heat activated adhesive, and cannot be removed from the cheque or book cover without cutting through layers of the cover material.

Key Features

- Excellent conformity to the spine of a book

- Self-wound
- Adhesion: aggressive adhesive, with fibres binding securely to substrate/cheque cover paper. Adheres to almost any clean, dry, dust-, oil-, grease-free surfaces. It can't be removed from substrate without delamination.
- Application temperature: from 76°C.
- Heat sealing up to 155°C.
- Burst Strength ($\geq 465\text{KPa}$), ;
- Overall thickness (base + adhesive, $\geq 145\mu$)
- Total grammage (carrier paper + adhesive): 127 -156gsm
- Attractive vanished embossed appearance.
- The tape [paper can be foil blocked, offset/screen printed with personalised features for additional security](#)
- Designed for application [by hand](#) and most automatic taping [machines](#).
- Storage: 19 - 23 deg. C; 50-64% RH; Lay flat on cut edges, away from sunlight, solvent, heat and dust/grease.
- Shelf life: 2 years
- REACH compliant and FSC certified

Applications

- Spine binding of cheque books, credit payment books, government credit books, monthly account & accountancy books, brochures, voucher books, catalogues, note pads, pads, ticket & travel books, reports, ID documents, and all kind of block notes.

Colour & Size Formats

- Colours: white, black, red, and sapphire dark blue. [others, upon request]
- Available on rolls.
- Roll widths : 25, 28, 35, 38, 50mm, 75, 100, etc
- Roll lengths : 50, 150, 200, 250, 330m, etc
- Box quantity (depending on size): up to 48 rolls
- Custom sizes, upon request

Prod. : AS4027SSTH. HEAT ACTIVATED EMBOSSED LIGHTWEIGHT PAPER SPINE BINDING TAPE

A strong, embossed, abrasion & scuff resistant, fibrous, specially treated lightweight book stock paper tape with quick tack, permanent rubberised ethylene vinyl acetate (EVA) hot melt adhesive. Very high shear resistance at room temperature. Foil blockable, screen & offset printable.

Key Features

- Excellent conformity to the spine of a book
- Self wound.
- Adhesion: aggressive adhesive. Adheres to almost any clean, dry, dust-, oil-, grease-free surface. It tears fibre or delaminates upon removal.
- Application temperature: from 94°C
- Heat seals up to 188°C
- Breaking load (72 N/cm); Low elongation at break (4%);

- Overall thickness: $\geq 145\mu$
- Total grammage (carrier paper + adhesive): 127-156gsm
- Attractive embossed appearance.
- Can be foil blocked, screen & offset printed with personalised features for additional security
- Designed for application **by hand** and most automatic taping **machines**
- Shelf life: 2 years

Applications

Spine binding of cheque books, credit payment books, government credit books, monthly account & accountancy books, brochures, voucher books, catalogues, note pads, pads, ticket & travel books, reports, ID documents, and all kind of block notes

Colour & Size Formats

- Colours: white, black, red, and sapphire dark blue. [others, upon request]
- Available on rolls.
- Roll widths : 28, 35, 38, 50mm, 72, 89, 90, etc
- Roll lengths : 50, 100, 200, 250, etc
- Box quantity (depending on size): up to 48 rolls
- Custom sizes, upon request

Prod. : AS4016SSTH. HEAT ACTIVATED EMBOSSED PAPER SPINE BINDING TAPE

Embossed, fibrous, specially treated light weight, abrasion & scuff resistant book stock paper tape with a versatile permanent water-based modified heat-activated acrylic adhesive. It has high shear resistance at room temperature, and cannot be removed from the cheque or book cover without cutting through layers of the cover material.

Key Features

- Excellent conformity to the spine of a book
- Self-wound
- Adhesion: aggressive adhesive, with fibres binding securely to substrate/cheque cover paper. Adheres to almost any clean, dry, dust-, oil-, grease-free surfaces. It tears fibre or delaminates upon removal.
- Application temperature : from 76°C
- Heat sealing up to 155°C.
- Burst Strength ($\geq 465\text{KPa}$), ;
- Overall thickness (base + adhesive, $\geq 145\mu$)
- Total grammage (carrier paper + adhesive): 127 -156gsm
- Attractive, acrylic vanished, embossed appearance.
- The tape [paper can be foil blocked or offset/screen printed with personalised features for additional security](#)
- Designed for application [by hand](#) and most automatic taping [machines](#).
- Screen printable and foil blockable.
- Storage: 19 - 23°C; 50-64% RH; Lay flat on cut edges, away from sunlight, solvent, heat and dust/grease.
- Shelf life:2 years
- REACH compliant and FSC certified

Applications

- Spine binding of cheque books, credit payment books, government credit books, monthly account & accountancy books, brochures, voucher books, catalogues, note pads, pads, ticket & travel books, reports, ID documents, and all kind of block notes.

Colour & Size Formats

- Colours: white, black, red, and sapphire dark blue. [others, upon request]
- Available on rolls.
- Roll widths : 25, 28, 35, 38, 50mm, 75, 100, etc
- Roll lengths : 50, 150, 200, 250, 330m, etc
- Box quantity (depending on size): up to 48 rolls
- Custom sizes, upon request

Tape Storage

- Store flat on cut edges
- Store between 6 and 28°C, away from dust, heat, moisture, direct sunlight and solvent fumes
- Because life expectancy varies with temperature & humidity, good storage practice is highly recommended to ensure maximum shelf life in temperate & tropical climates.
