

Recovery Mobile Clinic

REDEEM. MOTIVATE. COMMIT.

We are dedicated to providing treatment options for drug & alcohol addiction that have been proven effective in decreasing relapse rates. Our mobile model increases treatment availability to a population who is largely under-served.

Being mobile gives us the flexibility to come to your support group, office, local safe harbor, etc. to help ensure you or your clients/patients receive the additional medical help they need.

We want to work with you and your local addiction support groups, places of worship, counselors, therapists, parole officers, attorneys, and physicians.

Servicing South Eastern Michigan
Check our website or call us today to schedule an appointment at a treatment location near you

Patient Recovery Fund
A 100% donation and grant funded program, that enables patients to receive financial assistance for medication copay or treatments that would otherwise be cost prohibitive.

Mentorship in Action
This program is a volunteer based operation that offers support to patients that need guidance.

Medicated Assisted Treatment
We utilize the provision of VIVITROL® injections or Revia (naltexone) for qualifying patients.

LUCEMYRA may be prescribed to help with the symptoms of opioid withdrawal.

Additional medications for Alcohol Addiction and Smoking cessation are also available.
