The Privilege of Knowing

My name is Steven Roth and I am the President and Founder of Wealth Management International (WMI), an independent wealth protection group that specializes in a rare service that may be of benefit to you. The service is a **Comprehensive Estate Audit™**, which has one focus... to provide you with More. More money and peace of mind. You probably *think* you are receiving the best advice and products from those involved with your money. However, wouldn't you prefer to *know*?

Since 2004, my company's **Comprehensive Estate Audit™** has helped WMI clients uncover inefficiencies and serious issues within their estates. All of our clients had trusted advisors who were believed to be competent. Nonetheless, our audit led to substantial gains to them and their families.

Our clients had two things in common

- Initially, they saw no need for an *unbiased* review of their affairs.
- Our audit uncovered serious issues and opportunities within their estates, and permitted them to increase their wealth without increasing risk.

Unlike others, WMI identifies and recovers losses for clients. Anyone can make big promises. However, few deliver. Because of this, I personally wish to show you what we have done for clients, so you can determine if a **Comprehensive Estate Audit™** is right for you. *This is a no-risk offer. Unless we can improve your position, there is no fee.*

Who We Are

WMI's panel is comprised of nationally and internationally recognized experts in tax, asset protection & preservation, insurance, investment management, investigation and other fields – many of whom have been featured in **Forbes Magazine**, **THE WALL STREET JOURNAL**, and several other well-respected publications.

WMI's services come with a conflicts-of-interest-free contractual guarantee. No advice will ever be given to you based upon any commission or fee. We simply offer truly unbiased, expert guidance to improve your position.

Our **no-risk review** of your situation will likely result in one or more finds that will make our relationship worthwhile to you.

Call me personally today at (310)305-1903 x101 to arrange for a brief face-to-face meeting so that you can see for yourself. You have nothing to lose and, as you will see, much to gain.

Yours truly,

Steven E. M. Roth, President
