Mystery novels

Lord David Cholmondeley (chum-lee) is attending to his dairy cows at the family estate in the Cotswolds when he is recalled to service by MI5. Someone has murdered his best friend, an Oxford don and an active undercover MI5 agent. The year is 1933 and the political climate is volatile with Communist sympathizers on the political left and Nazi sympathizers on the right. David Cholmondeley is blessed with a penetrating intelligence and cursed with clumsiness. He meets a Somerville College don and is alarmed by her imposing presence. When they stumble onto a scene of mayhem, he figures out who she is. Combining elements of Inspector Clouseau with Lord Peter Wimsey, *John Milton is Dead* is sure to please mystery fans.

John Milton is Dead is available from www.levellerspress.com under their *Off the Common* book imprint and available as an e-book on Kindle and other platforms. ISBN 978-1-937146-97-9. Published 2016.

In the second mystery, *Death and Turtles*, we learn of the further adventures of Lord David Cholmondeley, a dairy farmer in the Cotswolds and an occasional tutor at Oxford University. He unexpectedly finds himself baby farming, creeping around the Oxford University boathouse trying to catch a saboteur, and discovering a murder victim at his farm and a turtle in his office. England is in the *Great Slump* of the 1930s.

Death and Turtles is available from www.levellerspress.com in their *Off the Common* book imprint. It is also available as an e-book on Kindle and other platforms. ISBN 978-1-945473-41-8. Published 2017.

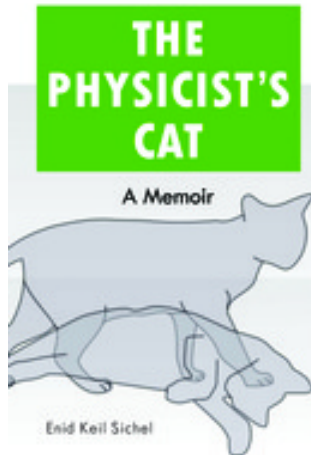

The Body in the Bodleian

The third David Cholmondeley mystery, 1935-36

Enid Keil Sichel

In the third mystery, *The Body in the Bodleian*, Lord Cholmondeley finds a dead body hidden in the Oxford library. Soon, he finds evidence of other, less obvious, crimes. It is 1935 and the economic depression is grinding on, with attendant hardships everywhere. Always resourceful, the accident-prone Lord Cholmondeley uses every tool at hand, including a stray cat, for his undercover investigations. *The Body in the Bodleian* is available in paperback from the publisher, www.levellerspress.com, in their *Off the Common* book imprint. Paper copies can also be ordered from Amazon. The book is published in electronic format on Kindle and other platforms. ISBN 978-1-951928-12-4. For release summer 2020.

The Physicist's Cat is a humorous memoir of physics-related stories and other non-physics topics. It is available from www.levellerspress.com. ISBN 978-1-937146-26-9. Published 2013.
